## INFORMATION FOR ORDERING ACTIVITIES

### AWARDED SPECIAL ITEM NUMBERS:

711-8 711-9 711-11 711-16 711-18  
711-17 711-19

**MAXIMUM ORDER LIMITATION:** \$150,000

**MINIMUM ORDER:** \$100

**GEOGRAPHIC COVERAGE (DELIVERY AREA):** Continental United States and District of Columbia

**POINT OF PRODUCTION:** High Point, Guilford County, North Carolina

**DISCOUNTS:** Prices shown herein are net government cost (discounts deducted). Prices include cartoning.

<b>QUANTITY DISCOUNTS:</b>	\$15,001 - \$25,000	2%
	\$25,001 - \$35,000	3%
	\$35,001 - \$50,000	4%
	\$50,001 - \$100,000	5%
	\$100,001 - \$150,000	6%

**PROMPT PAYMENT TERMS:** 2% - 20 days, Net 30 days.

**GOVERNMENT COMMERCIAL CREDIT CARDS:** Accepted

**FOREIGN TERMS:** None

**TIME OF DELIVERY:** 90 days A.R.O.

**F.O.B. POINT:** High Point, North Carolina (Prices do not include inside delivery)

**ORDERING AND PAYMENT ADDRESS:** Davis Furniture Industries, Inc.  
PO Box 2065  
High Point, NC 27261-2065

**WARRANTY PROVISIONS:** For products sold after January 1, 2001, subject to the limitations, exclusions and disclaimers set forth below, (which are expressly incorporated herein), Davis warrants its products to be free from defects in workmanship and materials for a period of five (5) years after the date of original shipment (the "Warranty Period"), provided the product is used in the manner and under the conditions for which it is designed.

**EXPORT PACKING CHARGES:** None Offered

**RE STOCKING CHARGE:** For other than warranty reasons, the restocking charge shall not exceed 25% of the net cost. Agencies must notify Davis within ten (10) working days after receipt of merchandise if a return authorization is to be given. Restocking will not be accepted if products are in users possession for more than twenty (20) working days. All products to be returned must be in cartons (original cartons if available) and shipped freight pre-paid.

**CANCELLATION CHARGE:** No cancellation charge prior to production. After production only actual cost incurred that cannot be recovered through resale of the merchandise in a reasonable length of time (6 months).

**PRICE REDUCTIONS:** The category of customer upon which this award is predicated will be Choice Dealers who receive a maximum discount of 55% from Davis Commercial Pricelist effective January 1, 2011. The Government receives a discount of 52.4% or 52% (inclusive of IFF). This price relationship will be maintained throughout the contract period. Further, for the purpose of the Price Reduction Clause, and change in the contractors discount arrangement applicable to Choice Dealers, which disturbs this relationship shall constitute a price reduction.

**RETURNS:** Returns should not be made without written authority from factory. Excess costs will be charged to ordering activity for unauthorized returns. No merchandise may be returned for credit without written approval.

**PERFORMANCE TESTS:** All conference tables offered in this contract meet applicable ANSI X 5.5-1998 test requirements. (Sections 5, 10, 11, 12, 13)

**OVERSEAS SHIPMENTS:** Products shipped outside of the continental US should be specified with special cartoning and/or crating for export.

**A 5% upcharge to net prices** will be assessed. If it is possible to combine items into larger crates, this will be considered. Contact your Davis Customer Service Representative to verify quotes for exported products.

The following describes special cartoning/crating: SEATING — all seating units are boxed but may require additional crating reinforcement. All tandem seating units must be crated, including Zeno Tandem.

## FREIGHT GUARANTEED PROGRAM

Davis offers an optional guaranteed freight program. Delivery is via common carrier or Davis truck. Freight charges are precalculated and prepaid by Davis, and added to the original invoice at time of shipment. This optional guaranteed freight rate program enables the purchaser to determine freight charges when ordering and provides the purchaser with one invoice for both freight and Davis products.

Freight charges are for normal delivery only and do not include inside delivery, installation, uncartoning or removal of cartons. A request for call prior to delivery is an additional \$25. Additional charges will be determined on a per shipment basis.

Merchandise is shipped F.O.B. High Point, NC, freight prepaid and allowed to one destination. Title of goods changes when merchandise leaves Davis' dock, and any subsequent freight damage and all freight claims are the responsibility of the purchaser or consignee to report to the carrier promptly upon receipt and to settle with the carrier.

**Unless otherwise noted on your order, Davis will ship "Freight Guaranteed", and will select the most appropriate carrier and routing on all shipments. If the customer specifies a carrier on their order, freight will ship collect via that carrier.**

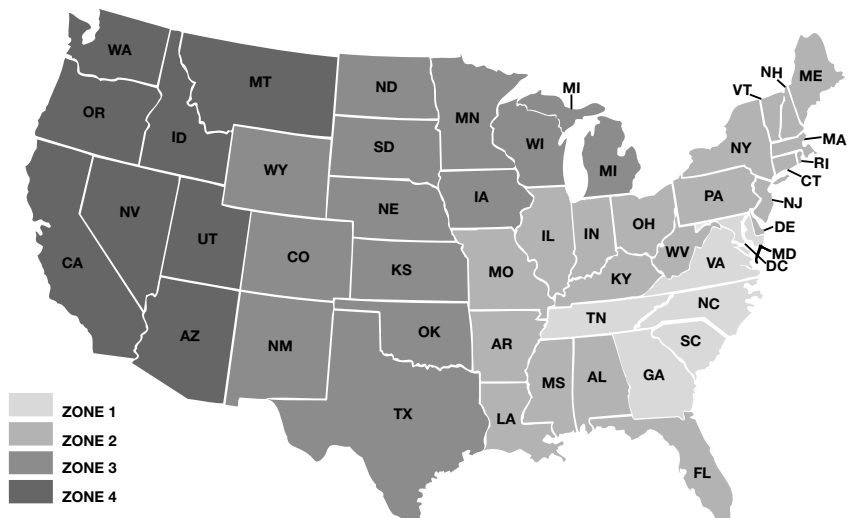

How to use the Freight Guaranteed Program:

The Continental United States has been divided into four territories. Using the Map at right, determine the territory of the product destination. Freight charges are calculated as a percentage of **COL/COM net price** based on the following scale:

Zone 1 – 6%  
Zone 2 – 8%  
Zone 3 – 10%  
Zone 4 – 12%

Minimum charges will be applied to each zone as follows:

Zone 1 – \$60  
Zone 2 – \$75  
Zone 3 – \$95  
Zone 4 – \$125

# General Information

**Customer's Own Material** COM/COL price includes application of customer's fabric (leather) which should be prepaid to factory address and clearly marked to indicate: 1) buyer's name, 2) buyer's purchase order number, 3) client, 4) furniture number of item to be covered, and 5) instructions for application, i.e. face, railroaded, reversed, etc. Furniture orders should include this same information as well as cutting instructions and a description of the fabric including pattern and color number in order to provide a cross reference and to reduce the margin of error. ***In the absence of specific written instructions accompanying the order, fabrics will be cut, seamed and applied at our discretion and at the customer's risk.***

Yardage requirements shown in price list are based on using fabric which is plain and a full 54" wide. Fabrics of narrower widths and/or which involve matching repeats will require additional yardage. Under most of these circumstances, the following tables can be used as a guide. Collect shipments of COM fabrics will not be accepted. All orders and COM/COL materials should be sent directly to Davis Furniture Industries, Inc., 2401 South College Drive, High Point, NC 27260, TEL (336) 889-2009.

Fabric less than 54" wide —		54" Fabric with a print or stripe repeat —	
Fabric Width	Increase COM requirement by:	Repeat	Increase COM requirement by:
50"	8%	7" and under	11%
48"	13%	8" to 13"	18%
45"	20%	14" to 21"	21%
36"	50%	22" to 27"	24%
		28" and over	25%

**If you are using a velvet fabric or any fabric with a directional nap, contact factory.**

**FOR LARGE QUANTITIES** — Davis will supply exact yardage requirements for large quantities, revisions and special match problems upon request. In the absence of specific written instructions accompanying the order, fabrics will be cut, seamed and applied at our discretion and at the customer's risk. Napped and some velvets are usually applied without luggage stitching. While we inspect fabrics for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, and other flaws. We suggest that our customers inspect fabrics before furnishing them. Under no circumstances will we assume responsibility for COM/COL shortages, flaws, or other such problems. While we make a concerted effort to control COM/COL materials, it is not our responsibility to police the receipt of these materials in order to meet delivery deadlines and we assume that customers are aware of any undue delay in the delivery of their COM/COL materials.

**Grade Differential** All upholstered seating is shown with a COM/COL net price and Grades 1 through 12. In addition, a grade differential for each product will be given. This is a constant dollar (\$) increment between fabric grades and may be used to calculate higher graded fabrics.

**Example: Net Price of item for Grade 12 is \$1200 with a Grade Differential of \$45. Fabric selected is Grade 15. Multiply 3 times \$45 = \$135 + \$1200 = \$1335 for item in Grade 15.**

**Fabric & Leather** Davis offers a variety of fabric collections such as Maharam and Momentum as well as special fabric collections. Please refer to the Davis Fabric & Leather Grade List for all available offerings and grades.

**Fire Resistance** All Davis seating conforms to California #117 Bulletin for fire resistance. Many products have been tested and pass California TB 133. Please contact factory for information.

**Specials** Because products are manufactured upon receipt of order, it may be possible to accommodate product modifications. Specials that require alternative woods or new design specifications should be submitted to Customer Service for review. The requirements of the Special must meet the manufacturing process of Davis.

**Special Finishes** Special finishes are available. Please send a sample of the finish color desired and add a formulation charge of **\$250 net plus 5% net per item** upcharge. Seating has an upcharge of **5% net on COM/COL price**. Upcharge based on Davis' approval of sample submitted. Please allow two weeks for special finish sample to be submitted by Davis for approval.

**Special Veneer Match** Table units shown separately but ordered together (except Carré) will not automatically be assumed that they are going to be used together, therefore, the veneer will not be matched. If separate tops are going to be used together you must submit a drawing of the configuration and specify veneer matching desired. There will be an appropriate upcharge according to the configuration and type of veneer specified.

If standard multiple top tables are going to be used in different configurations other than illustrated in the price list, an upcharge may be necessary for non-standard veneer direction. Contact factory and submit drawing for review.

## Check List for Ordering Furniture

Many orders are received with incomplete or conflicting information, causing needless correspondence and unnecessary delay. Before submitting your order, please be sure it includes the following information:

1. Quantity
2. Item Number — refer to each product collection for complete item number sequence, plus SIN number
3. Finish Color — wood and metal
4. Fabric pattern, color and application instructions — specify pattern direction and correct side
5. Options — list with each specific product
6. Any specials or revision to standard construction
7. Drawing for all modular seating, table, or case good components
8. Your purchase order number
9. Shipping destination
10. Shipping instructions; if any

Orders should be sent via e-mail, whenever possible, to expedite the entry process. Send to [orders@davisfurniture.com](mailto:orders@davisfurniture.com). If this is not possible then fax orders to (336) 889-0031.

# Body Chair Series

Designed by Burkhard Vogtherr

At NeoCon® 2009, Designer Burkhard Vogtherr, also creator of the Motion, Webb, and Lucid Chair Series, added two new back designs to the BODY Family to create a massive collection of 44 chair models.

He has surpassed his previous creations with a family of executive and task chairs that offer extreme passive ergonomics and clean European styling. The back offering now includes 4 styles: 1) the one-piece **Knitted Back** that provides passive ergonomic support for a wide range of body types; 2) the same **Knitted Back with an overlaid Pad** to add additional comfort and aesthetics; 3) the iconic **Webbed Back** that was developed by Burkhard, Davis and Dupont® for the original Webb Chair Series, and 4) a fully **Upholstered Back** that offers elegance and the same passive ergonomic support with internal webbed support.

Knitted Backs are now offered in a selection of four knit colors - KT-Black, KT-Brown, KT-Grey, and KT-Taupe. Webbed backs are offered in all 8 standard webbing colors. The fully upholstered backs may be specified in any leather or textile, and are offered with top-stitching detail in center of back and around French seams.

## OVERVIEW

## Body Chair Series

Designed by Burkhard Vogtherr

Inlay Arm

Overlay Arm

Adjustable Arm

Armless Arm

Mid Back

High Back

Headrest High Back

Four arm styles are offered, Inlay Arm, Overlay Arm, Adjustable Arm, and Armless. All arms are field replaceable because of the unique connection to the back frame.

The sculptured frame, which evolved into an engineering marvel that pushed the limits of cast aluminum, has remained with the new models. The thickness of the frame was kept where strength was necessary, while other areas were carved away to create a flowing sculpture with thick and thin profiles. The rocking motion is created from the frame being attached to the seat mechanism, which is a proprietary mechanism designed for Davis.

## Body Chair Features:

- Passive Ergonomics
  - Knitted Back Supports all Users
  - Webbed Back Supports all Users
  - Upholstered Back Supports all Users
- Adjustable Seat for Leg Length
- Tension Adjustment for Weight
- Forward Position Lock
- Height Adjustment
- Synchro-Tilt Mechanism Standard
- Three Back Heights
- Knitted Back available in 4 colors
- Upholstered Pad on Knitted Back
- Webbed Back available in 8 colors
- Four Arm Styles
- Aluminum Frame
- Field Replaceable Elements
  - Arms, Seats, and Headrest
- Safety Break Casters
- Thin European Profile

# Body Chair Series

Designed by Burkhard Vogtherr

## FEATURES

Adjustable Features	<p><b>Back Tilt Control</b> - knob located in front below seat - balance spring adjusts to accommodate a wide variety of body sizes and provides a healthful change of hip angle</p> <p><b>Forward Position Lock</b> - handle located on left under seat - back tilt action can be locked in the forward, upright position for task-oriented work without losing the passive ergonomic support of the knitted back</p> <p><b>Gas Lift Height Adjustment</b> - handle located on right under seat - allows for correct leg positioning and height to work surface - fixed height chair may be ordered, contact factory. Specify height to make sure arms clear table</p> <p><b>Seat Depth Adjustment</b> - knob located under seat at back - adjusts 2" to proper depth of user's legs with a one time setting allowed for proper support of lower torso and legs</p>
Arms	<p>Four arm styles are available —</p> <p><b>Inlay Arm</b> - black polyurethane inlay strip placed into die-cast aluminum - Highend executive profile</p> <p><b>Overlay Arm</b> - black polyurethane overlay on top of die-cast aluminum - Protection for worksurface</p> <p><b>Adjustable Arm</b> - black molded arm rest that adjust 4" in height and pivots 90° - Task and ergonomic focus</p> <p><b>Armless</b> - available on all styles - Pull-up or light conference</p> <p><i>All arms are field replaceable</i></p>
Backs	<p><b>KNITTED</b> Backs are made from stretch yarns in a knitted one-piece construction that provides passive ergonomic support for a range of body types</p> <p>Black, Brown, Grey, and Taupe are standard colors</p> <p><b>KNITTED WITH PAD</b> Backs have an upholstered wrap that is placed around front and in-between Knitted Back maintaining the passive support</p> <p>Most textiles and leathers are acceptable for the upholstered back</p> <p><b>WEBBED</b> Backs have "hand-woven" backs with stretch webbing over aluminum frame that provides passive ergonomic support for a range of body types</p> <p>Eight webbing colors available</p> <p><b>UPHOLSTERED</b> Backs have internal construction with webbing that also provides a passive ergonomic support and center top-stitch seam detail on back</p> <p>This back does not have back rails and is not offered as Headrest High Back - May be specified in leather or textiles</p> <p>Three backs heights are available — Mid Back, High Back, and Headrest High Back (not available on Upholstered Back)</p>
Casters	<p>Reinforced copolymer with safety brake feature that will not roll away until weight is in chair - this keeps chairs from slipping out from under user</p> <p>Black housing and black dual wheels on five blade base</p> <p>Also available with soft tread for hard flooring - SEE OPTIONS</p>
Frame	<p>Arms, back frame, and base are constructed from die-cast aluminum</p>
Headrest	<p>Headrest pivots between two connection points to adjust to the user's needed head support</p> <p><i>Headrest is field replaceable</i></p>
Mechanism	<p>Arms are attached to frame and not the seat which allows for the back to move independently of the seat</p> <p>A Synchro-Tilt is standard allowing for a 2-to-1 ratio movement between back and seat</p> <p>Mechanism housing is die-cast aluminum with interior components in steel</p>

# Fenix Chair Series

Designed by Wolfgang C.R. Mezger

## FEATURES

<b>Arms</b>	Molded urethane foam arms are flared for extra support
<b>Base</b>	Five-prong aluminum base designed specifically for this chair
<b>Casters</b>	Reinforced copolymer with safety brake feature that will not roll away until weight is in chair - this keeps chairs from slipping out from under user Black housing and black dual wheels on five blade base Also available with soft tread for hard flooring - SEE OPTIONS
<b>Headrest</b>	Headrest is adjustable and can be raised and lowered
<b>Mechanism</b>	A new <b>Flex-Tilt</b> mechanism has been designed specifically for this chair This mechanism allows for a type of synchro-tilt bend in the seat area without raising your feet off the floor or moving your hands from a work position
<b>Shell</b>	Molded urethane foam with steel supports Molded foam is more environmentally friendly due to lack of waste in processing
<b>Upholstery</b>	Solid colors are recommended for proper tailoring Heavy weave fabric or very thin fabric should not be specified

## OPTIONS

<b>Casters</b>	Soft tread casters for hard flooring are available - specify <b>FE-SOCA</b> at time of order and there will be no charge If ordered as replacement in field - specify <b>FE-SOCA-R</b> ( <i>R for replacement casters</i> ) and there will be a cost of <b>\$16</b> per set of five casters
<b>Metal Finishes</b>	Polished Aluminum ( <b>-PA</b> ) Powdercoat Finishes Black ( <b>-BL</b> )      Silver ( <b>-SI</b> )      Matte Black ( <b>-MB</b> ) Matte Silver ( <b>-MS</b> )
<b>Upholstery</b>	Davis Fabric and Leather Program or COM/COL

### Emission Testing

The FENIX Chair Series meets all the necessary qualifications to be certified for **Indoor Advantage™ GOLD / Indoor Air Quality Certified**.  
Conforms to the ANSI/BIFMA Furniture Emissions Standards for open plan and private office and CA section 01350 specifications.  
Certification Reg. No. - SCS-IAQ-01669

**Fenix 2851-PA**

**Fenix 2852-PA**

[illegible]

Lucid is a new type of ergonomic chair...one that offers true “passive” ergonomics with extreme visual simplicity. The patented mechanism allows full body movement from the torso through the hip and thigh area. The user is unaware of the chair’s movement as it mimics every twist and turn of their body.

### Lucid 10 Series

The Lucid 10 Series offers three back styles - Lucid 10 with the icon webbed back, Lucid 11 with a fully upholstered back, and Lucid 12 with a black knitted back. All offer the same seating comfort that adjust automatically to the user.

### Lucid 20 & 30 Series

Two larger models of chairs have been added to the collection – the Lucid 20 Ultra Mid Back and the Lucid 30 Ultra High Back Chairs. These models offer a wider and taller scale from the original Lucid, and have different arms and back rails to blend with the scale of the new design. This now creates four different base models of chairs.

### Three Back Styles

The Lucid 20 and Lucid 30 Series are both offered in all three back styles — webbed back, fully upholstered back, and knitted back.

The fully upholstered back offers an application of textiles or leathers to suit the design statement. Soft gathers in the back add comfort wrinkles as well as a softer aesthetic appeal.

The third back choice is a unique knitted back that is made in one piece and socked onto the inner frame. This unique knitting technology uses the same stretch approach that the Davis webbed back was designed around. The knitted material is constructed of polyester that meets the same stretch criteria as the webbing, but offers a translucent clean look rather than the visual busyness of the woven strips. The support of the back is dictated by the user and it will adjust automatically with their body movement.

## Features & Options

### Features

Arm Caps & Covers	Lucid 10, 11, and 12 — standard with black plastic arm caps - Optional leather or Ultrafabric short or long hand-sewn wrapped arm covers available. Lucid 20, 21, 22, 30, 31, 32 — standard with plastic inserts - Optional leather upholstered arm cover available. Leather arms match leather specified on seat and/or back. If fabric is specified, leather <u>must</u> be ordered for arm covers from the Davis Leather Collection or COL.
Back Tilt Control	Balance spring — adjusts to accommodate a wide variety of body sizes and provides a healthful change of hip angle.
Forward Position Control	Back tilt action can be locked in the forward, upright position for task oriented work
Gas Lift Height Adjustment	Allows for correct leg positioning and height to work surface.
Headrest	Adjustable headrest available only on Lucid 30, 31, and 32. Will be upholstered in same material as seat. Sliding bracket will always be aluminum with black button.
Seat Depth Adjustment	Seat adjusts 2" to proper depth of user's legs with a one time setting allowing for proper support of lower torso and legs.

### Back Treatments

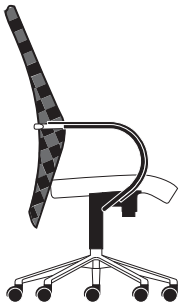

Webbed Back	Lucid 10, Lucid 20, Lucid 30 — Features resilient stretch webbing constructed of woven polyester and Dupont L YCRA® Spandex. See below for colors offered.
Upholstered Back	Lucid 11, Lucid 21, Lucid 31 — Offers fully upholstered aesthetics. Inside back has arc detail sewing with comfort wrinkles standard. Solid fabrics are suggested.
Knitted Back	Lucid 12, Lucid 22, Lucid 32 — Black only, knitted one-piece construction of stretch fibers.

### Options

Arm Finishes	Chrome (-CH)	Matte Black (-MB)	Matte Silver (-MS)			
Back Rail or Connector Finishes	Chrome (-CH)	Matte Black (-MB)	Matte Silver (-MS)			
Caster Base Finishes	Chrome (-CH)	Matte Black (-MB)	Matte Silver (-MS)			
Long Leather Arm Cover	LU-LLAC — Replaces black plastic arm caps and extends to bottom of arm. Additional charge. Leather arms match leather specified on seat and/or back. If fabric is specified, leather <u>must</u> be ordered for arm covers from the Davis Leather Collection or COL.					
Short Leather Arm Cover	LU-SLAC — Option to replace black plastic arm cap. Additional charge. Leather arms match leather specified on seat and/or back. If fabric is specified, leather <u>must</u> be ordered for arm covers from the Davis Leather Collection or COL.					
Soft Casters	LU-SOCA & LU-SOCA-2030 — Replaces hard caster for use on hardwood floors. No upcharge. Specify option when ordering chair. LU-SOCA-R & LU-SOCA-2030-R (R for replacement casters). <b>\$15 Net</b> per set of five casters					
Synchro-Tilt Mechanism	LU-SYNCHRO — A synchro-mechanism can be added to all caster chairs. Specify option when ordering chair .					
Webbing Colors	WB-Black WB-Candy Red WB-Coco WB-Dove	Corresponding leather —    	HE-5000 Black HE-5004 Candy Red HE-5006 Coco HE-5005 Dove	WB-Grey WB-Natural WB-Royal WB-Stripe (black with natural stripe)	Corresponding leather —    	HE-5002 Grey HE-5001 Natural HE-5003 Royal HE-5000 Black or HE-5001 Natural
Upholstery	Davis Fabric and Leather Program or COM/COL Leather arms match leather specified on seat and/or back. If fabric is specified, leather <u>must</u> be ordered for arm covers from the Davis Leather Collection or COL. If you are supplying the COL, please include the square footage for the leather arm caps if specified.

# Webb Chair Series™

Designed by Burkhard Vogtherr

The Webb Chair merges traditional Shaker design with modern engineering for what proves to be a timeless statement in contemporary seating. Webbing technology produces an interesting geometric pattern while providing outstanding comfort that is highly individualized. The four models range from executive to side chairs.

### Features

Arms	<b>Webb 1 - 2</b> — Aluminum construction with black polypropylene overlays standard <b>Webb 3 - 4</b> — Oval tubular stainless steel Optional upholstered arm covers or caps are available, see option below .
Caster Base	Five-blade aluminum base Dual wheel casters
Exterior Frame	<b>Webb 1 - 2</b> — Die cast aluminum frames <b>Webb 3 - 4</b> — Oval tubular stainless steel frames
Interior Frame	Back — Framed with steel bar stock, woven with resilient webbing Seat — Molded plywood
Mechanism	Proprietary mechanism with synchronized back and seat tilt Seat slides forward as back pivots where the arm meets the back giving it a reclining motion This movement keeps your feet on the floor as you recline in the chair Locks in any position 360° swivel capability Gas cylinder height adjustment

### Options

Metal Finish	Column, base, arms on caster chair, and side chairs — Chrome (-CH) Powdercoat Finishes — Black (-BL)      Silver (-SI) Matte Black (-MB)      Matte Silver (-MS) Main housing and column is always black.
Soft Casters	<b>WB-SOCA</b> — Replaces hard caster for use on hardwood floors. No upcharge. Specify option when ordering chair.
Stretch Webbing Colors (Must Specify)	<b>WB-Black</b> Corresponding leather — <b>HE-5000</b> Black <b>WB-Candy Red</b> <b>HE-5004</b> Candy Red <b>WB-Coco</b> <b>HE-5006</b> Coco <b>WB-Dove</b> <b>HE-5005</b> Dove <b>WB-Grey</b> <b>HE-5002</b> Grey <b>WB-Natural</b> <b>HE-5001</b> Natural <b>WB-Royal</b> <b>HE-5003</b> Royal <b>WB-Stripe</b> (black with natural stripe) <b>HE-5000</b> Black or <b>HE-5001</b> Natural <i>Stripe woven with Black — specify vertical or horizontal stripe effect.</i>
Two-Tone Webbing	Two different webbing colors may be used together. Specify color for vertical application and horizontal application. No upcharge.
Upholstered Arms	<b>WB-UPHA</b> — Fabric or leather upholstered arms may be substituted for the polypropylene arms on <b>Webb 1 - 2</b> for an upcharge, see pricing. <b>WB-UPHAC</b> — Fabric or leather upholstered arm caps applied to <b>Webb 3 - 4</b> for an upcharge, see pricing.

**ORDERING AND PAYMENT ADDRESS:** Davis Furniture Industries, Inc.

PO Box 2065

High Point, NC 27261-2065

**WARRANTY PROVISIONS:** For products sold after January 1, 2001, subject to the limitations, exclusions and disclaimers set forth below, (which are expressly incorporated herein), Davis warrants its products to be free from defects in workmanship and materials for a period of five (5) years after the date of original shipment (the "Warranty Period"), provided the product is used in the manner and under the conditions for which it is designed.

**EXPORT PACKING CHARGES:** None Offered

**RESTOCKING CHARGE:** For other than warranty reasons, the restocking charge shall not exceed 25% of the net cost. Agencies must notify Davis within ten (10) working days after receipt of merchandise if a return authorization is to be given. Restocking will not be accepted if products are in users possession for more than twenty (20) working days. All products to be returned must be in cartons (original cartons if available) and shipped freight pre-paid.

**CANCELLATION CHARGE:** No cancellation charge prior to production. After production only actual cost incurred that cannot be recovered through resale of the merchandise in a reasonable length of time (6 months).

**PRICE REDUCTIONS:** The category of customer upon which this award is predicated will be Choice Dealers who receive a maximum discount of 55% from Davis Commercial Pricelist effective January 1, 2011. The Government receives a discount of 52.4% or 52% (inclusive of IFF). This price relationship will be maintained throughout the contract period. Further, for the purpose of the Price Reduction Clause, and change in the contractors discount arrangement applicable to Choice Dealers, which disturbs this relationship shall constitute a price reduction.

**RETURNS:** Returns should not be made without written authority from factory. Excess costs will be charged to ordering activity for unauthorized returns. No merchandise may be returned for credit without written approval.

**PERFORMANCE TESTS:** All conference tables offered in this contract meet applicable ANSI X 5.5-1998 test requirements. (Sections 5, 10, 11, 12, 13)

**OVERSEAS SHIPMENTS:** Products shipped outside of the continental US should be specified with special cartoning and/or crating for export.

**A 5% upcharge to net prices** will be assessed. If it is possible to combine items into larger crates, this will be considered. Contact your Davis Customer Service Representative to verify quotes for exported products.

The following describes special cartoning/crating: SEATING — all seating units are boxed but may require additional crating reinforcement. All tandem seating units must be crated, including Zeno Tandem.

## FREIGHT GUARANTEED PROGRAM

Davis offers an optional guaranteed freight program. Delivery is via common carrier or Davis truck. Freight charges are precalculated and prepaid by Davis, and added to the original invoice at time of shipment. This optional guaranteed freight rate program enables the purchaser to determine freight charges when ordering and provides the purchaser with one invoice for both freight and Davis products.

Freight charges are for normal delivery only and do not include inside delivery, installation, uncartoning or removal of cartons. A request for call prior to delivery is an additional \$25. Additional charges will be determined on a per shipment basis.

Merchandise is shipped F.O.B. High Point, NC, freight prepaid and allowed to one destination. Title of goods changes when merchandise leaves Davis' dock, and any subsequent freight damage and all freight claims are the responsibility of the purchaser or consignee to report to the carrier promptly upon receipt and to settle with the carrier.

**Unless otherwise noted on your order, Davis will ship "Freight Guaranteed", and will select the most appropriate carrier and routing on all shipments. If the customer specifies a carrier on their order, freight will ship collect via that carrier.**

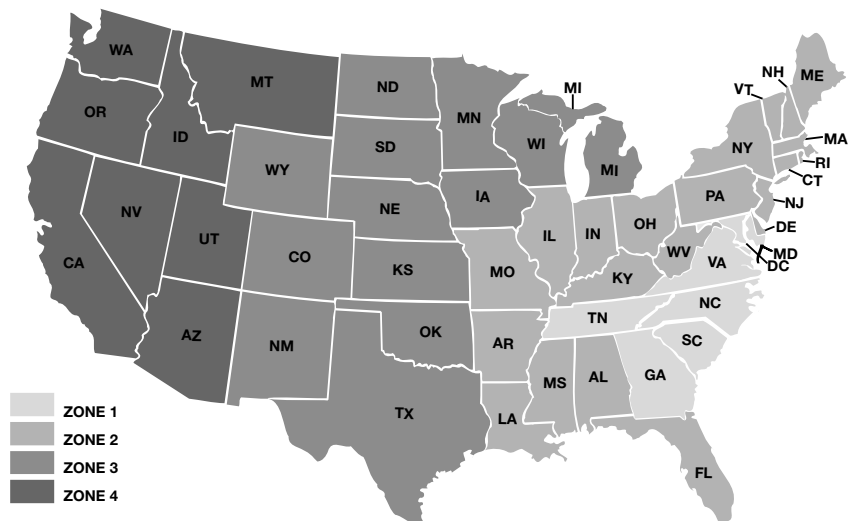

How to use the Freight Guaranteed Program:

The Continental United States has been divided into four territories. Using the Map at right, determine the territory of the product destination. Freight charges are calculated as a percentage of **COL/COM net price** based on the following scale:

Zone 1 – 6%  
Zone 2 – 8%  
Zone 3 – 10%  
Zone 4 – 12%

Minimum charges will be applied to each zone as follows:

Zone 1 – \$60  
Zone 2 – \$75  
Zone 3 – \$95  
Zone 4 – \$125

### Zone 1

Georgia  
Maryland  
North Carolina  
South Carolina  
Tennessee  
Virginia  
Washington, D.C.

### Zone 2

California  
Idaho  
Montana  
Nevada  
Oregon  
Utah  
Washington

# General Information

**Customer's Own Material** COM/COL price includes application of customer's fabric (leather) which should be prepaid to factory address and clearly marked to indicate: 1) buyer's name, 2) buyer's purchase order number, 3) client, 4) furniture number of item to be covered, and 5) instructions for application, i.e. face, railroaded, reversed, etc. Furniture orders should include this same information as well as cutting instructions and a description of the fabric including pattern and color number in order to provide a cross reference and to reduce the margin of error. *In the absence of specific written instructions accompanying the order, fabrics will be cut, seamed and applied at our discretion and at the customer's risk.*

Yardage requirements shown in price list are based on using fabric which is plain and a full 54" wide. Fabrics of narrower widths and/or which involve matching repeats will require additional yardage. Under most of these circumstances, the following tables can be used as a guide. Collect shipments of COM fabrics will not be accepted. All orders and COM/COL materials should be sent directly to Davis Furniture Industries, Inc., 2401 South College Drive, High Point, NC 27260, TEL (336) 889-2009.

Fabric less than 54" wide —		54" Fabric with a print or stripe repeat —	
Fabric Width	Increase COM requirement by:	Repeat	Increase COM requirement by:
50"	8%	7" and under	11%
48"	13%	8" to 13"	18%
45"	20%	14" to 21"	21%
36"	50%	22" to 27"	24%
		28" and over	25%

**If you are using a velvet fabric or any fabric with a directional nap, contact factory.**

**FOR LARGE QUANTITIES** — Davis will supply exact yardage requirements for large quantities, revisions and special match problems upon request. In the absence of specific written instructions accompanying the order, fabrics will be cut, seamed and applied at our discretion and at the customer's risk. Napped and some velvets are usually applied without luggage stitching. While we inspect fabrics for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, and other flaws. We suggest that our customers inspect fabrics before furnishing them. Under no circumstances will we assume responsibility for COM/COL shortages, flaws, or other such problems. While we make a concerted effort to control COM/COL materials, it is not our responsibility to police the receipt of these materials in order to meet delivery deadlines and we assume that customers are aware of any undue delay in the delivery of their COM/COL materials.

Grade Differential	All upholstered seating is shown with a COM/COL net price and Grades 1 through 12. In addition, a grade differential for each product will be given. This is a constant dollar (\$) increment between fabric grades and may be used to calculate higher graded fabrics. <b>Example: Net Price of item for Grade 12 is \$1200 with a Grade Differential of \$45. Fabric selected is Grade 15. Multiply 3 times \$45 = \$135 + \$1200 = \$1335 for item in Grade 15.</b>
Fabric & Leather	Davis offers a variety of fabric collections such as Maharam and Momentum as well as special fabric collections. Please refer to the Davis Fabric & Leather Grade List for all available offerings and grades.
Fire Resistance	All Davis seating conforms to California #117 Bulletin for fire resistance. Many products have been tested and pass California TB 133. Please contact factory for information.
Specials	Because products are manufactured upon receipt of order, it may be possible to accommodate product modifications. Specials that require alternative woods or new design specifications should be submitted to Customer Service for review. The requirements of the Special must meet the manufacturing process of Davis.
Special Finishes	Special finishes are available. Please send a sample of the finish color desired and add a formulation charge of <b>\$250 net plus 5% net per item</b> upcharge. Seating has an upcharge of <b>5% net on COM/COL price</b> . Upcharge based on Davis' approval of sample submitted. Please allow two weeks for special finish sample to be submitted by Davis for approval.
Special Veneer Match	Table units shown separately but ordered together (except Carré) will <u>not</u> automatically be assumed that they are going to be used together, therefore, the veneer will <u>not</u> be matched. If separate tops are going to be used together you must submit a drawing of the configuration and specify veneer matching desired. There will be an appropriate upcharge according to the configuration and type of veneer specified.  If standard multiple top tables are going to be used in different configurations other than illustrated in the price list, an upcharge may be necessary for non-standard veneer direction. Contact factory and submit drawing for review.

## Check List for Ordering Furniture

Many orders are received with incomplete or conflicting information, causing needless correspondence and unnecessary delay. Before submitting your order, please be sure it includes the following information:

1. Quantity
2. Item Number — refer to each product collection for complete item number sequence, plus SIN number
3. Finish Color — wood and metal
4. Fabric pattern, color and application instructions — specify pattern direction and correct side
5. Options — list with each specific product
6. Any specials or revision to standard construction
7. Drawing for all modular seating, table, or case good components
8. Your purchase order number
9. Shipping destination
10. Shipping instructions; if any

Orders should be sent via **e-mail**, whenever possible, to expedite the entry process. Send to **orders@davisfurniture.com**. If this is not possible then fax orders to (336) 889-0031.

Extruded aluminum bench designed for public areas demonstrating clean design and unique functions. Anodized aluminum and stainless steel construction offers strength and durability for indoor or outdoor use.

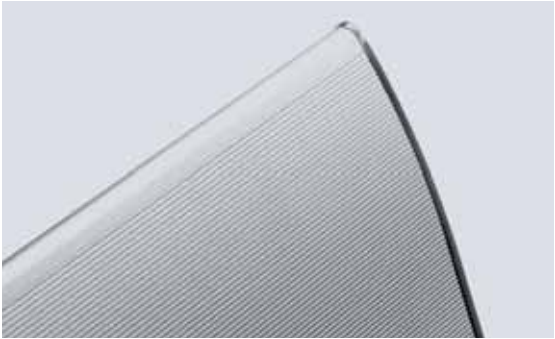

**Aero Bench Series**  
Designed by Liévore/Altherr/Molina  
Licensed from Sellex

**Features**

<b>Configurations</b>	3, 4, 5, 6, and 7 seat standard benches / 3 and 4 seat backless benches
<b>Finishes</b>	Aluminum — natural anodized
<b>Legs</b>	Stainless steel rod 12 mm diameter Feet in cast aluminum with ability to fix to floor Legs positioned from end of units to center of foot on floor as follows: 3, 4, and 5 seat standard benches — 12 <sup>3</sup> / <sub>16</sub> " / 31 cm 6 and 7 seat standard benches — 24 <sup>7</sup> / <sub>16</sub> " / 62 cm All backless benches — 12 <sup>3</sup> / <sub>16</sub> " / 31 cm
<b>Seat/Back</b>	Extruded aluminum profiles with slightly fluted surface Three pieces join to form one unit — stainless steel end closures
<b>Outdoor Use</b>	All aluminum units without arms may be used outdoors Units with arms may <u>not</u> be used outdoors Units with upholstered pads may <u>not</u> be used outdoors
<b>Floor Mount</b>	The foot castings on all units are designed to be mounted to floor Customer must supply screws appropriate for flooring material Foot has a 1/4" hole on the bottom to secure a bolt, screw, ect. to the floor. Unit is then set into the legs and screw placed on each leg is tightened.

**Options**

<b>Arms</b>	Three optional arm materials — wood, polyurethane, and upholstered Attached by stainless steel rod frame Wood arm — Maple solid woods in all Davis standard maple finishes Specify arm locations, i.e. for a four seater specify locations 1 through 5
<b>Linking</b>	<b>AE-8500</b> Linking Devices — set of two Links standard benches back to back with stainless steel brackets
<b>End Table</b>	To be used only on Standard Benches — right or left placement facing Extruded aluminum profiles with stainless steel closures Fixed to bench by stainless steel plate <b>Not available on Backless Benches</b>
<b>Upholstery</b>	<b>AE-8023-CR</b> thru <b>AE-8027-CR Standard Benches</b> — Upholstery insert with CENTERS REMOVED in the Davis Fabric or Leather COM/COL — sample must be submitted for approval
<b>Adjustable Glides</b>	<b>AE-8800</b> Adjustable Glides — set of four Available on all units — must specify when ordering Additional upcharge of <b>\$47</b> Net per unit.

# Gemini Lounge Series

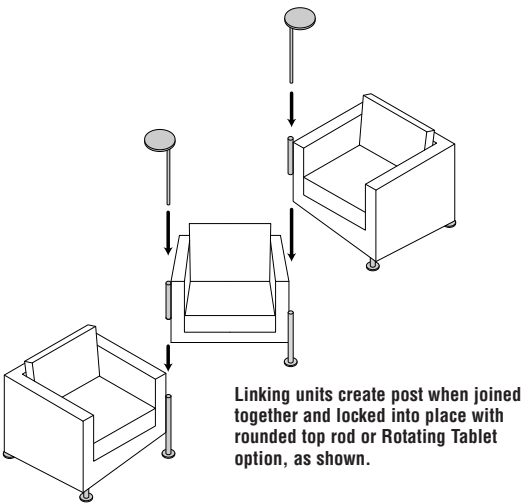

Designed by Wolfgang C. R. Mezger  
Licensed from Art Collection/Haworth

GE-1014-CH (711-16) Linking Chair, GE-1000-GR Rotating Tablet in PA-Mirage, GE-1016-CH (711-16) Linking Chair

GE-1021-CH (711-16) Freestanding Love Seat with two GE-1000-GR (711-16) Rotating Tablets in PA-Mirage

Gemini perfection in color and form. This variable chair and love seat collection can be used individually or combined in groups. The sloping line of the bases sets the visual accent, either to the left, the right or even in a straight line. The universal column base can be fitted with a covering cap or extended to form a tablet with the addition of a clear glass, frosted glass or granite plate.

## Features

Freestanding Units	Four design options:	straight base with no posts, straight base with side posts, right angle base with single side post, left angle base with single side post
Interior Frame	Poplar frame with plywood skirts Seat deck consists of no-sag springs held together with covered wire.	
Linking Units	Chair and love seat styles may be ordered to link at post junctions. Units must be combined to form a complete post. Three design options: right angle base with lower linking post, straight base with one high linking and one lower linking post, left handed base with high linking post A rounded top rod will finish connection unless Rotating Tablet ( <b>GE-1000</b> ) is specified. Units may pivot when connected at post Do not move units while connected - it may result in breaking connection	

## Options

Metal Finishes	Chrome (-CH) Powdercoat Finishes — Black (-BL) Silver (-SI) Matte Black (-MB) Matte Silver (-MS)
Rotating Tablets	<b>GE-1000</b> (711-16) Rotating Tablet — available on any unit with side posts Glass (-GL) — specify color <b>GE-Clear</b> or <b>GE-Frost</b> Granite (-GR) — specify color <b>PA-Mirage</b>
Upholstery	Davis Fabric and Leather Program COM/COL This is a one-piece upholstered cover, so stiff fabrics are not recommended Seat cushions are velcroed to frame upholstery

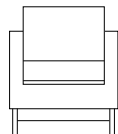

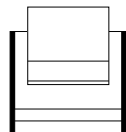

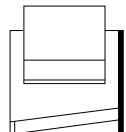

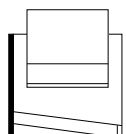

Linked unit may be pushed together at post junction.

Or, linked units can pivot at post junction.

**Example:** item number **GE-1010** + finish suffix **-CH** = **GE-1010-CH** (711-16)

# Lipse Too Lounge Series

Designed by Wolfgang C.R. Mezger

**LI-5651-CH (711-18)**  
Pedestal Chair / Chrome

**LI-5655-CH (711-18)**  
Four-Leg Chair / Chrome

**LI-5635-P-GL-CH (711-11)** Square Table with Pedestal Base  
Glass / Chrome

**LI-5639-F-CC-CH (711-11)** Round Table with Four-Leg Base

Seat Height — 17 1/8"  
Table Height — 15 3/4"

Optional Rotating Tablet  
for Pedestal Chair

Using the classic shell shape, a larger fully upholstered version was created to offer exceptional seating comfort. The larger scale is appropriately designed for pull-up chairs, which if combined with the complimentary tables creates the perfect lounging environment.

## Features

<b>Back and Seat Shells</b>	Bent plywood shells covered with foam and upholstered Aluminum connector is visible between upholstered shells
<b>Pedestal Frame</b>	Tubular steel column Solid steel base disk
<b>Frame</b>	Tubular steel frame with glides
<b>Fabric Upholstery Technique</b>	To achieve the rounded look to the inside seat area, the fabric is bridged across the inside curve. Some fabrics or leathers may puddle in these areas. Some of the fabrics have the memory to return to shape and some do not.

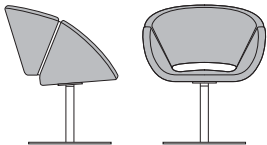

## Options

<b>Metal Finishes</b>	Chrome (-CH) Powdercoat Finishes — Black (-BL)      Silver (-SI) Matte Black (-MB)      Matte Silver (-MS)	
<b>Upholstery</b>	Davis Fabric and Leather Program COM/COL Please note that thick fabric with heavy woven textures or pile may not be appropriate for this application with top stitching If you are supplying the COM/COL submit a sample before ordering

# Method Lounge Series

Designed by Wolfgang C.R. Mezger

## Features

Interior Frame	Steel and plywood seat frame with multi-density foam		
Legs	Polished aluminum and powdercoate on aluminum		
Pallets	Two, three, and four seat units 40 mm thick particle board center with laminate veneer top and bottom		
Wood Veneer	Maple	(-MM)	with solid wood edge band
	Recomposed Oak	(-RO)	with solid wood edge band
	Walnut	(-WW)	with solid wood edge band
Laminate	White Laminate	(-LAM)	with white ABS edge band
Tables	<b>Connecting Tables</b> are attached to units to allow for modular configurations Three sizes of connecting tables — 45°, 90°, and large 90° tables The large outside 90° connecting table allows for seating units to be attached giving plenty of interior leg room		
Tablets	Two tablet styles are available — Pallet top mount and side mount on pallet Solid Core Plastic — <b>SP-Arctic White</b> only Tablet pivots 360° Specify sitting in unit		
Upholstery	Not all fabrics are suitable for upholstery on Method — contact Factory for fabric approval. Some comfort wrinkles are typical after use		

## Options

# Meo Lounge Series

Designed by Wolfgang C.R. Mezger

four - MEO-9011-CH, MEO-9101-WW-CH, MEO-9025-CH,  
two - MEO-9103-WW-CH

MEO-9101-GL-CH / White Glass

MEO-9010-CH / Shown with Perforated Leather Top

A modern twist on the tuxedo style, this lounge collection has a scale that suits today's environments with great design appeal and unique accents. The upholstered units are constructed in two pieces, so color, texture, or patterns may be mixed to create a specific design statement. The 360° memory-return mechanism on the lounge chair offers movement while seated, but keeps the area neat when parties leave. Leather wrapped, low tables offset space without visually distracting users. Tables offer white or black glass top, along with a variety of veneer options.

## Features

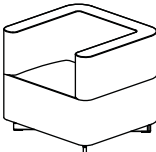

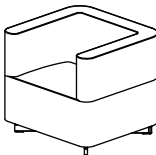

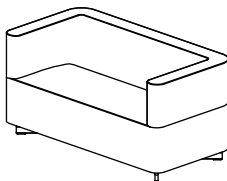

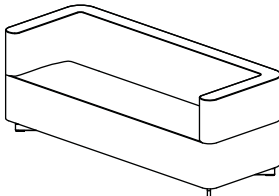

<b>Arm and Seat Sections</b>	Each section is constructed of CNC 3/4" hardwood plywood Multi-density foam with Dacron® overlay Sinuous wire suspensions in all seats Arm and seat sections are bolted together with either 6 to 8 bolts
<b>Legs</b>	Solid steel legs are connected to frames with T-nuts Available in chrome or powdercoat finishes
<b>Memory-Return</b>	Available on Lounge Chair MEO-9011 only Extra heavy duty mechanism swivels 360° Returns to original position
<b>Low Rectangle Table &amp; Low Square Table</b>	Standard with leather-wrapped sides - with center seams and top-stitching Select from Davis/Helvetia Leather Collection <b>GLASS TOPS</b> available with either white or black painted underside Specify <b>MEO-White Glass</b> or <b>MEO-Black Glass</b> when ordering <b>VENEER TOPS</b> available in beech, cherry, maple, oak, and walnut Specify from standard finishes listed below
<b>Square Side Table</b>	Tubular column with steel plate in chrome or powdercoat finishes <b>GLASS TOPS</b> available with either white or black painted underside Specify <b>MEO-White Glass</b> or <b>MEO-Black Glass</b> when ordering <b>VENEER TOPS</b> available in beech, maple, oak, and walnut Specify from standard finishes listed below

# Mikado Lounge Series

Designed by Burkhard Vogtherr  
Licensed from Arco Meubelfabrick bv

A sleek and slender profile makes Mikado Lounge a great product to add drama to any corporate office environment. While it is aesthetically pleasing it also offers comfort and a slight rocking motion enabled by four rubber nodes under the shell.

## Features

Arms	Tubular steel with arm cap covered in Davis Leather or Ultrafabric Collections
Frame	Tubular steel in fixed position — shell does <u>not</u> rotate on frame
Rocking Motion	Four rubber nodes mounted under shell allow a slight “rocking” motion Seat shell also adds additional flexibility
Shell	One-piece, pressed, rotary-cut beech wood with compounded curves Shell has thin foam layer between fabric and shell

## Options

Arm Upholstery	Arm caps are available <u>only</u> in Davis Leather or Ultrafabric Collections Selection must be specified when ordering. No upcharge.
Metal Finish	Sterling (-ST) (Brushed Nickel) Powdercoat Finishes — Black (-BL)                      Silver (-SI) Matte Black (-MB)              Matte Silver (-MS)
Upholstery	Davis Fabric and Leather Program COM/COL Please submit sample of COM before ordering Thick, tapestry-styled fabrics may not be acceptable for edge treatment

MK-4521-ST (711-18) Mid Back Arm Chair / Sterling

MK-4520-ST (711-18) Mid Back Armless / Sterling

MK-4511-ST (711-18) High Back Arm Chair / Sterling  
MK-4551-LAM-ST (711-18) Large Round Table (Discontinued)

# Palette Lounge Series

Designed by Wolfgang C.R. Mezger

**PA-7201 (711-17) Power/Communication Module**

Palette's generous seats, along with tablet and table options, create comfortable one, two or three seat units that may be used separately or joined together by connecting pallet tables. Units may be specified with rotating tablets, electrification/data support modules, or pallet mounted tables.

A uniquely shaped unit in this series is the Contour Pallet that offers a rounded end pallet with an extra detail in the back creating a chevron effect when two units are placed together.

Available is a Caster Option on all one module pallet units. Two configurations are offered according to use. Casters are available in standard finish offerings.

**PA-7010-MM-BL (711-17) One Module Right Contour Pallet, PA-7102 (711-17) Armless Seat, PA-7121-GR-BL (711-17) Rotating Tablet with Mount (PA-Salt n' Pepper - Discontinued). PA-7011-MM-BL (711-17) One Module Left Contour Pallet, PA-7102 (711-17) Armless Seat, PA-7121-GR-BL (711-17) Rotating Tablet with Mount (PA-Salt n' Pepper - Discontinued). PA-7203 (711-17) Ganging Connectors (set of 2).**

**PA-7401-MM-GL-SI Pivoting Freestanding Table; Two Unit — PA-7002-MM-SI with PA-7103 and PA-7104; PA-7022-MM-SI 90° Connecting Pallet; Three Unit — PA-7003-MM-SI with PA-7103, PA-7102 and PA-7104; PA-7022-MM-SI 90° Connecting Pallet; Two Unit — PA-7002-MM-SI with PA-7103 and PA-7104; Two Unit — PA-7002-MM-SI with PA-7103 and PA-7122-GL-SI.**

## Features

<b>Interior</b>	Plywood seat and back Multi-density, high resilient urethane foam slab with Dacron wrap
<b>Legs</b>	<b>STANDARD LEGS</b> — One and two module pallets — four legs with adjustable glides Three module pallets and contour pallets — five legs with adjustable glides  <b>HEALTHCARE LEGS</b> — Pallets may be special ordered with higher Healthcare Legs at overall height — 9 1/2" to top of pallet — 2" higher Specify option <b>PA-TALL LEG</b> — add \$14 Net to each leg on unit (including tablet leg) Powdercoat finishes only — not available in satin chrome One Module, Two Module, Footrest, and Ottoman - 4 legs Three Module and Contour - 5 legs 90° Radius Connecting Pallet and 90° Square Connecting Pallet - 1 leg
<b>Pallets</b>	One, two and three module units 1 1/2" thick MDF center with laminated veneer top and bottom <b>Wood Veneer</b> Beech (-BB) with solid wood edge banding Maple (-MM) with solid wood edge banding Oak (-OA) with solid wood edge banding Walnut (-WW) with solid wood edge banding <b>Laminate</b> Black Laminate (-LAM) with black laminate edge banding
<b>Rotating Tablets</b>	A tablet mount replaces leg on right or left side of pallet Two and three seat units may have tablet mounts on both sides  <b>PA-7120</b> Rotating Tablet Panels — must be specified separately for every tablet mount on pallet <b>PA-7121</b> Rotating Tablets with Mounts — may be placed between cushions or at edge of cushion and exposed pallet without seat
<b>Upholstery</b>	Not all fabrics are suitable for upholstery on Palette — contact Factory for fabric approval Some comfort wrinkles are typical after wear Due to large pattern requirements, COL leather should be clear of defects

## Options

<b>Casters</b>	<b>PA-CHCA</b> — two fixed front casters / two rotating back casters Specified when used on one module pallet as chair or unit with tablet  <b>PA-BECA</b> — four rotating casters Specified when used on one module pallet used as bench
<b>Healthcare Legs</b>	Legs may be special ordered for Healthcare for an overall seat height at 18". Specify option <b>PA-TALL LEG</b> on each type of leg specified and add \$14 Net to each leg cost. Adjustable glides are standard on all legs.
<b>Magazine Rack</b>	May be mounted on pallet where a cushion is not specified, or corner pallet units
<b>Metal Finishes</b>	Satin Chrome (-SC) Powdercoat Finishes — Black (-BL) Silver (-SI) Matte Black (-MB) Matte Silver (-MS)
<b>Power/Communication</b>	Module has two power outlets and two data ports 10 foot power cord and data cable stores in a recess under the pallet Unit extends 2 1/2" out from underneath pallet and retracts flush when not in use Standard location will be on the side of the unit with a Rotating Tablet For alternate locations, specify on drawing
<b>Table Selections</b>	<b>PA-7122</b> Round tables with Mounts — Glass (-GL) Granite (-GR) <b>PA-Mirage</b> Solid Core Plastic (-SP) <b>MV-Ebony</b> <b>MV-Frost</b>  Wood Finishes (see Wood Finishes below)
<b>Tablet Selections</b>	<b>PA-7120</b> Rotating Tablet Panel <b>PA-7121</b> Rotating Tablet Panel with Mount — Granite (-GR) <b>PA-Mirage</b> Solid Core Plastic (-SP) <b>MV-Ebony</b> <b>MV-Frost</b>

## Ordering Procedures

When ordering any modular component please supply the following:

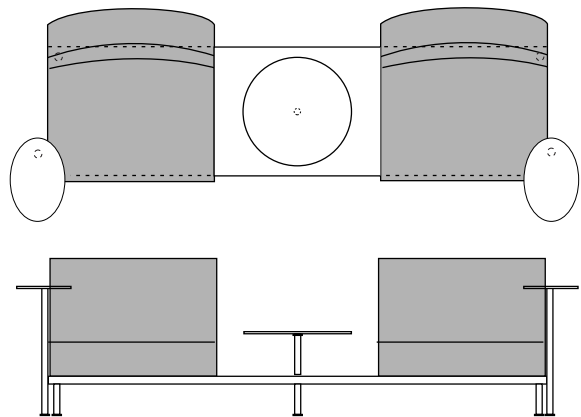

1. Select the module pallet desired — one, two or three. Determine wood species and metal finish desired.
  2. Determine if unit will have Rotating Tablet(s). If so, specify pallet with right, left, or both side mounts. Specify Rotating Tablet Panel (**PA-7120**) and material desired — Granite (**-GR**) or Solid Core Plastic (**-SP**).
- Note: Units are designated left handed or right handed by sitting in unit.**
3. Determine type of seat unit desired — bench, armless, right or left arm — and specify units in sequence from left to right facing the unit.
  4. Select options desired, such as Power/Communication Module, Magazine Rack, Round Table with Mount, or a Rotating Tablet with Mount.
  5. Complete pallet units may be joined together by Ganging Connectors or with 45° and 90° Connecting Pallets.

# Palette Lounge Series

## Terminology

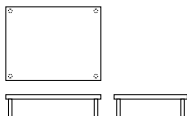

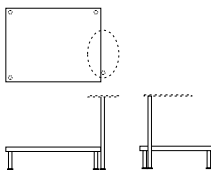

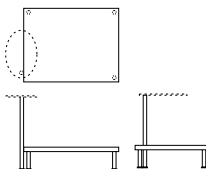

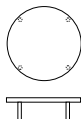

PALLET UNITS .....S-124 - S-127		
One Module Pallet	(PA-7001)	One module unit must be ordered with a seat unit — bench, armless, right arm or left arm. This unit is also available with a right or left handed tablet mount that replaces one leg. A <b>PA-7120</b> Rotating Tablet Panel must be ordered with these units.
Two Module Pallet	(PA-7002)	Two module unit must be ordered with at least one seat unit — bench, armless, right arm or left arm. One of the module units may be used as a table surface and have pallet mounted options such as tablet, table or magazine rack located in this area. This unit is also available with a right or left handed tablet mount that replaces one leg, or a tablet mount on both sides replacing two legs. A <b>PA-7120</b> Rotating Tablet Panel must be ordered for each tablet mount on pallet.
Three Module Pallet	(PA-7003)	Three module unit must be ordered with at least two seat units — bench, armless, right arm or left arm. One of the module units may be used as a table surface and have pallet mounted options such as tablet, table or magazine rack located in this area. This unit is also available with a right or left handed tablet mount that replaces one leg, or a tablet mount on both sides replacing two legs. A <b>PA-7120</b> Rotating Tablet Panel must be ordered for each tablet mount on pallet.
One Module Contour Pallet	(PA-7010/11)	One module unit with special contour shape that offers a right or left contour. This unit must be ordered with one seat unit — bench, armless, right arm or left arm. Open radius area of the module unit may be used as a table surface and have pallet mounted options such as tablet, table or magazine rack located in this area. A right and left contour unit may be placed together to create a unique configuration. This unit is also available with a right or left handed tablet mount that replaces one leg. A <b>PA-7120</b> Rotating Tablet Panel must be ordered with this unit.
Round Footrest Pallet	(PA-7301)	Round footrest pallet must be specified with <b>PA-7105</b> Footrest Seat Unit.
Round Ottoman with Tablet Mount	(PA-7302)	Round ottoman pallet with one tablet mount that replaces one leg. <b>PA-7106</b> Ottoman Seat Unit and <b>PA-7120</b> Rotating Tablet Panel must be ordered with this unit.
SEAT UNITS .....S-128		
Bench Seat	(PA-7101)	Seat cushion without backrest that may be used to create a single bench or multiple bench units.
Armless Seat	(PA-7102)	Armless seat and back that may be used to create a single seat or be mixed with other seat units.
Right Arm	(PA-7103)	Right arm seat and back (sitting in unit) that may be used to create a single seat or be mixed with other seat units.
Left Arm	(PA-7104)	Left arm seat and back (sitting in unit) that may be used to create a single seat or be mixed with other seat units.
Footrest Seat	(PA-7105)	Footrest cushion that is used to create a single, freestanding footrest.
Ottoman Seat	(PA-7106)	Ottoman cushion that is used to create a freestanding sitting unit with tablet mount.
TABLETS & TABLES ..... S-124 - S-127, S-129-S-130		
Rotating Tablet Panel	(PA-7120)	To be ordered with all pallet units that have tablet mount(s). Available in Granite (-GR) in <b>PA-Mirage</b> , or Solid Core Plastic (-SP) in colors <b>MV-Ebony</b> and <b>MV-Frost</b> .
Rotating Tablet with Mount	(PA-7121)	This tablet unit can be mounted on the pallet beside seat cushions or between seat cushions. Available in Granite (-GR) in <b>PA-Mirage</b> and Solid Core Plastic (-SP) in colors <b>MV-Ebony</b> and <b>MV-Frost</b> .
Round Table with Mount	(PA-7122)	This unit may be specified instead of a seat unit and will be mounted directly on pallet. Available in Glass (-GL), Granite (-GR) in <b>PA-Mirage</b> , Solid Core Plastic (-SP) in colors <b>MV-Ebony</b> and <b>MV-Frost</b> , and Wood Selections — Beech (-BB), Maple (-MM), Oak (-OA), and Walnut (-WW)
ACCESSORIES ..... S-129 - S-130		
Power/Communication Module	(PA-7201)	Offers two power outlets and two data ports with a 10 foot power cord and data cable that stores in a recess under the pallet. Unit pulls out from underneath pallet and can be slid back when not in use. Standard location will be on the side of the pallet. Alternate locations available, specify on drawing and submit with order.
Magazine Rack	(PA-7202)	This unit may be specified instead of a seat unit and will be mounted directly on pallet. Available in all Palette metal finishes.
Ganging Connectors	(PA-7203)	This unit connects pallet module units together. (Set of two with each order.)
Chair Casters	(PA-CHCA)	Two fixed front and two rotating back casters. Specified for one module pallet only when used with arm or armless one seat units or bench unit with Tablet Mount. Available in all standard metal finishes.
Bench Casters	(PA-BECA)	Four rotating casters. Specified for one module pallet only when used with bench, footrest, or ottoman cushions. Available in all standard metal finishes.
CONNECTING PALLET UNITS ... S-130		
45° Radius Connecting Pallet	(PA-7021)	Pallet that connects two pallet units in a 45° angle as an inside or outside curve, and is used as a table surface. Comes with four connectors.
90° Radius Connecting Pallet	(PA-7022)	Pallet that connects two pallet units in a 90° angle with radius back to create an inside or outside curve, and is used as a table surface. Comes with four connectors.
90° Square Connecting Pallet	(PA-7023)	Pallet that connects two pallet units in a 90° angle with a square back to create an inside or outside curve, and is used as a table surface. Comes with four connectors.
PIVOTING FREESTANDING TABLE ..... S-130		
Pivoting Freestanding Table	(PA-7401-GL)	Elliptical, two-tiered table with glass top that rotates around a wood lower table that is available in Beech (-BB), Maple (-MM), Oak (-OA), Walnut (-WW) and black laminate (-LAM).
Pivoting Freestanding Table	(PA-7402)	Elliptical, two-tiered table with wood veneer or laminate top that rotates around a matching lower table that is available in Beech (-BB), Maple (-MM), Oak (-OA), Walnut (-WW) and Black laminate (-LAM).

- PA-7102 Armless Seat Unit
- PA-7104 Left Arm Seat Unit
- PA-7401-GL-MM-MS Pivoting Freestanding Table / Maple / Matte Silver

# POLAR Lounge Series

Designed by Wolfgang C. R. Mezger

## Features

**Applications** Lounge for corporate, hospitality, and retail

**Frame** Solid steel rod frames shaped to form legs  
Offered in chrome or powdercoat finishes

**Glides** White glides on chrome, silver, matte silver, and matte white frames  
Black glides on black, and matte black frames

**Interior** One inch poplar wood with multi-density foam

**Tables** Acrylic, Veneer, and Laminate top surface  
Wood band edge is standard with veneer tops  
Self edge laminate is standard with laminate tops

**Upholstery** To keep the love seat seamless on the cushions —  
*all fabrics must be railroaded*

## Options

**Metal Finishes** Chrome (-CH)  
Powdercoat Finishes —  
Black (-BL) Silver (-SI)  
Matte Black (-MB) Matte Silver (-MS)

**Glides** Optional felt glides are available.  
**PO-Felt-** for wood floors - available at \$4 for set of 4

**Laminates**

<b>LAM-Antique White</b>	<b>LAM-Grey Mesh</b>
<b>LAM-Black</b>	<b>LAM-Pewter</b>
<b>LAM-Designer White</b>	<b>LAM-Steel Mesh</b>
<b>LAM-Dove Grey</b>	<b>LAM-Fusion Maple</b>
<b>LAM-Fashion Grey</b>	<b>LAM-Monticello Maple</b>
<b>LAM-Khaki Brown</b>	<b>LAM-Montana Walnut</b>
<b>LAM-Shadow</b>	<b>LAM-River Cherry</b>
<b>LAM-Steel</b>	<b>LAM-Savoy Cherry</b>
<b>LAM-Wallaby</b>	<b>LAM-Wild Cherry</b>
<b>LAM-Linen</b>	

**Wood Finishes for Tables**

Beech -BB	101 Natural Beech
	102 Light Beech
	103 Medium Beech
	104 Dark Beech
	105 Black Beech
Maple -MM	201 Natural Maple
	202 Light Maple
Oak -OA	301 Natural Oak
	302 Medium Oak
	303 Grey Oak
	304 Brown Oak
Walnut -WW	401 Natural Walnut
	402 Medium Walnut

**Table Top Material** Tables are also offered in acrylic (-AY) white only

**Upholstery** Davis Fabric and Leather Program or COM/COL

**PO-2882-CH** (711-16)

**PO-2881-CH** (711-16) , **PO-2884-LAM-CH** (711-11)

Sweep through standard on all back and seat units.

This modular lounge group was created to answer many needs in the lounge environment...endless configurational possibilities from simple straight or sensual curved configurations in a classic contemporary styling. Configurations are simple to order with 1, 2, and 3 seat straight units; 90°, 45°, and 30° curved seats - both inside and outside; and a variety of legs, arms, tables, and tablet units. A natural sweep-through is standard on all upholstered units. Freestanding upholstered units, tables, and privacy screens are also offered in this extensive collection.

## Features

<b>Arms</b>	Constructed of rigid urethane with steel support molded into urethane for extra support. Available on End Legs and as Interior Arms within upholstered seats at specific locations. Arm may be field installed by switching leg around to reveal pre-drilled holes.
<b>Legs</b>	<p><b>END LEGS</b> There are two different types of End Legs — End Legs for Modular Seats, and End Legs for Single Benches. End legs are specified as right or left sitting in unit Modular Unit End Legs are used on ends of upholstered seats and may be ordered with Arms, Arms with Pivoting Tablets, and Tablets End Tables, Between Tables, or Corner Tables attach only to End Legs All End Legs are offered standard in Chrome (-CH) and Powdercoat Finishes in Black (-BL), Silver (-SI), Matte Black (-MB), and Matte Silver (-MS) Adjustable glides are standard on all legs</p> <p><b>GANGING LEGS</b> There are two different types of Ganging Legs — Ganging Legs for Modular Units, and Ganging Legs for Single Benches Ganging legs connect two upholstered units ONLY Adjustable glides are standard on all legs</p> <p>All Ganging Legs are offered standard in Chrome (-CH) and Powdercoat Finishes in Black (-BL), Silver (-SI), Matte Black (-MB), and Matte Silver (-MS).</p> <p><b>HEALTHCARE Legs</b> Legs may be special ordered for Healthcare for an overall seat height at 18" - see options</p>

<b>Freestanding Units</b>	Standard upholstered units are numbered and priced as a complete unit with legs — 1, 2, and 3 Seat Straight Units — with and without arms 1, 2, and 3 Seat Single Bench Units Occasional Tables
<b>Interior Frame</b>	Heavy-duty, hardwood plywood frames are used for seats and backs with multiple density foam allowing for the aesthetic contours and seating comfort. Interior construction of frame withstands high-traffic use and offers over 94" of seating capacity with only legs at the end. All frames are predrilled to accept every type of leg, arm, and tablet configuration for convenient field installation. Metal finish in Chrome (-CH) and Powdercoat Finishes in Black (-BL), Silver (-SI), Matte Black (-MB), and Matte Silver (-MS).
<b>Sweep-Through</b>	All upholstered units have sweep-through area between seat and backs.
<b>Tables</b>	Tables are offered in a variety of shapes and sizes. All tops are available in Acrylic or wood veneers (Beech, Maple, Oak, and Walnut) with matching wood edge banding.
<b>Tablets</b>	Tablets are offered as fixed or rotating on arms or on tablets. Tablets may be located at ends on legs, on ganging legs, or in interior locations of seats. All are available in Acrylic or wood veneers with matching wood edge banding.
<b>Upholstered Units</b>	Available as: 1, 2, and 3 Seat Straight Units 90°, 45°, and 30° Inside and Outside Curves 1, 2, and 3 Seat Single Bench Units and Curved Single Bench

## Options cont.

### Acrylic

Tablets and Tables with Acrylic surfaces are made from Acrylite® GP, which is a cell-cast acrylic sheet. This acrylic is a lightweight, rigid thermoplastic material that has many times the breakage resistance of standard window pane glass. Previous applications of this material have been in internal and external architectural elements. Radius will be one of the first furniture applications using this material.

### Properties —

Meets ANSI Z 91.7 — Safety Glazing Materials in Buildings

More impact-resistant than glass. If subjected to impact beyond the limit of its resistance, it does not shatter into small slivers but breaks into large pieces. It is less than half the weight of glass. It is a combustible thermoplastic, so precautions should be taken to protect the material from flames and high heat sources. It has excellent resistance to many chemicals, but will be affected, in varying degrees by the following:

- aromatic solvents such as benzene and toluene
- chlorinated hydrocarbons such as methylene chloride and carbon tetrachloride
- ethyl and methyl alcohols
- some organic acids such as acetic acid
- lacquer thinners, esters, ketones, and ethers

### Cleaning —

Wash acrylic with a mild soap or detergent and plenty of lukewarm water. Use a clean soft cloth, applying only light pressure. Rinse with clear water and dry by blotting with a damp cloth or chamois.

Grease, oil, or tar may be removed with a good grade of hexane, aliphatic naphtha, or kerosene. These solvents may be obtained at a paint or hardware store and should be used in accordance with manufacturers' recommendations. Any oily film left behind by solvents should be removed immediately by washing.

**DO NOT USE: Window cleaning sprays, kitchen cleansers, gasoline, benzene, carbon tetrachloride, or lacquer thinner.**

### Healthcare Legs

Legs may be special ordered for Healthcare for an overall seat height at 18".

Specify option **RA-TALL LEG** on each type of leg specified and add **\$29** Net to each leg cost. Adjustable glides are standard on all legs.

### Metal Finishes

Chrome <b>(-CH)</b>				
Powdercoat Finishes	Black	<b>(-BL)</b>	Silver	<b>(-SI)</b>
	Matte Black	<b>(-MB)</b>	Matte Silver	<b>(-MS)</b>

### Table & Tablet Finishes

Opaque White	Acrylic <b>(-AY)</b>	
Wood Veneer	Beech <b>(-BB)</b>	Maple <b>(-MM)</b>
	Oak <b>(-OA)</b>	Walnut <b>(-WW)</b>

### Upholstery

Due to the special tailoring of upholstered units, the following specifications for fabrics should be considered before specifying:

- **ALL FABRICS WILL BE CUT BY DAVIS' DISCRETION** - unless stated otherwise on the purchase order.
- **Solid, non-repeat fabrics** are best suited for the Radius seating units.
- **Fabrics with patterns** on curved units will be pieced according to matching of pattern requirements.  
Lineal, stripes, and geometric patterns will be pieced and matched for the best possible solution, however, distinctive "v" patterns might occur and will not be considered a flaw. If a patterned fabric that cannot be railroaded is specified, then 1-seat units and curved units **ONLY** should be specified for all configurations.
- **Stretch should be across the roll from selvage to selvage or 2-way**, in order for 2- and 3-seat straight units to be cut in one-piece to eliminate seams and puddling. Fabrics that stretch up the roll, i.e. Milestone, are not recommended because seams will have to be used and puddling might occur. The fabric stretch is used to minimize seams and puddling on curved pieces; the less stretch the more seams that will be necessary.
- Yardage requirements will vary according to combination of units and fabrics specified. **PATTERNS AND NON-STRETCH FABRICS** should be reviewed by Davis. Please contact Davis Customer Service with selected fabric and/or submit sample of COM so Davis can determine exact yardage required according to unit combination specified.
- COL submitted must be of 50 sq. ft. hides and above for yield requirements of large patterns. Two seat units are standard with no center seams, however, if COL hides are not large enough, then seat and back units will have seams in the middle. Pattern sizes for Two Seaters are as follows: Seat - 31" x 63", Inside Back - 31" x 64", Outside Back - 21" x 62 1/2". Three seat units specified in leather will always have two seams on inside back and seat.

# Radius Lounge Series

## Configurations

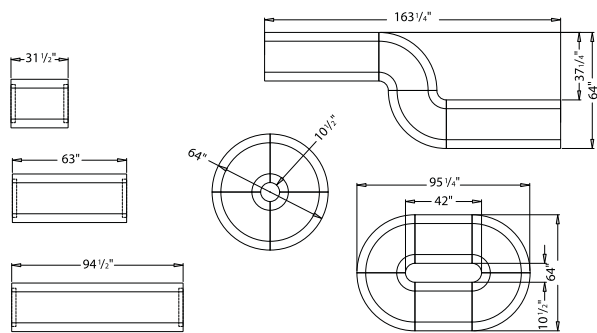

# Radius Lounge Series

Configurations (continued)

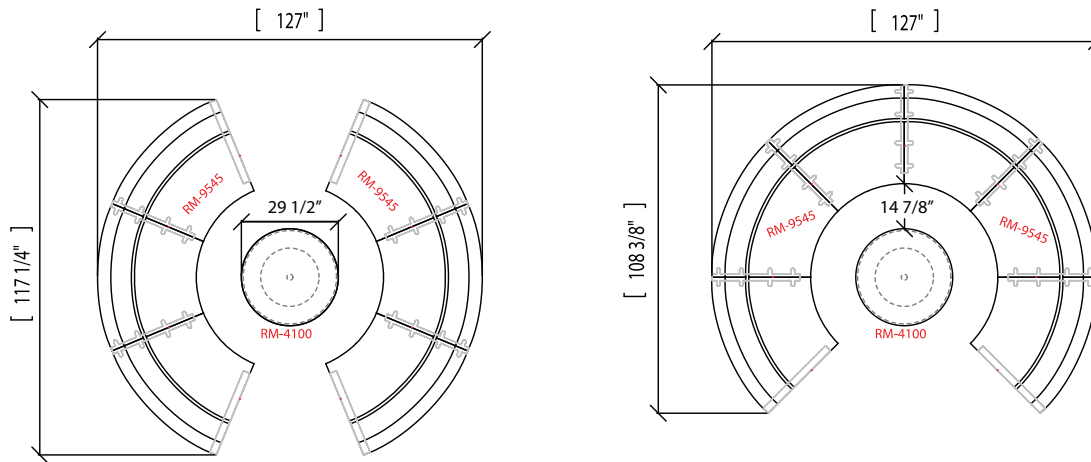

## Single Bench Configurations

# Radius Meeting Series

Designed by Wolfgang C. R. Mezger

This modular group added more function to the lounge area by giving extra privacy with the higher back design. A larger 45° Inside Curve Unit (**RM-9545**) was created to form circular configurations that may be placed in open plan situations and yet they add meeting privacy. The **RM-4100** Freestanding Round Table was designed to fit perfectly in the diameter of this circle and offers a higher surface for meetings rather than lounging. All legs, arms, tablets, connecting tables, and other freestanding tables in the Radius Lounge Series are available in the Radius Meeting Series with the same model numbers.

An open and closed configuration using the new RM-9545 Inside Curves and the RM-4100 Freestanding Table

## Features

<b>Arms</b>	Constructed of rigid urethane with steel support molded into urethane for extra support. Available on End Legs and as Interior Arms within upholstered seats at specific locations. Arm may be field installed by switching leg around to reveal pre-drilled holes.
<b>Freestanding Units</b>	Standard upholstered units are numbered and priced as a complete unit with legs — 1, 2, and 3 Seat Straight Units — with and without arms Occasional Tables
<b>Legs</b>	<p><b>END LEGS</b> End legs are specified as right or left sitting in unit Modular Unit End Legs are used on ends of upholstered seats and may be ordered with Arms, Arms with Pivoting Tablets, and Tablets. End Tables, Between Tables, or Corner Tables attach only to End Legs All End Legs are offered standard in Chrome (<b>-CH</b>) and Powdercoat Finishes in Black (<b>-BL</b>), Silver (<b>-SI</b>), Matte Black (<b>-MB</b>), and Matte Silver (<b>-MS</b>). Adjustable glides are standard on all legs</p> <p><b>GANGING LEGS</b> Ganging legs connect two upholstered units ONLY Adjustable glides are standard on all legs</p> <p>All Ganging Legs are offered standard in Chrome (<b>-CH</b>) and Powdercoat Finishes in Black (<b>-BL</b>), Silver (<b>-SI</b>), Matte Black (<b>-MB</b>), and Matte Silver (<b>-MS</b>).</p> <p><b>HEALTH CARE LEGS</b> Legs may be special ordered for Health Care for an overall seat height at 18" - see options</p>
<b>Interior Frame</b>	Heavy-duty, hardwood plywood frames are used for seats and backs with multiple density foam allowing for the aesthetic contours and seating comfort Interior construction of frame withstands high-traffic use and offers over 94" of seating capacity with only legs at the end All frames are pre drilled to accept every type of leg, arm, and tablet configuration for convenient field installation Metal finish in Chrome ( <b>-CH</b> ) and Powdercoat Finishes in Black ( <b>-BL</b> ), Silver ( <b>-SI</b> ), Matte Black ( <b>-MB</b> ), and Matte Silver ( <b>-MS</b> ).
<b>Sweep-Through</b>	All upholstered units have sweep-through area between seat and backs.
<b>Tables</b>	Offered in a variety of shapes and sizes — all tops are available in Acrylic or wood veneers (Beech, Maple, Oak, and Walnut) with matching wood edge banding.
<b>Tablets</b>	Offered as fixed or rotating on arms — tablets may be located at ends on legs, on ganging legs, or in interior locations of seats Available in Acrylic or wood veneers with matching wood edge banding
<b>Upholstered Units</b>	Available as: 1, 2, and 3 Seat Straight Units 90°, 45° (two sizes - inside), and 30° Inside and Outside Curves

# Radius Meeting Series

## SPECIFICATIONS (CONT.)

### Options

Wood Finishes	Beech	<b>-BB</b>	<b>101 Natural Beech</b> <b>102 Light Beech</b>	<b>103 Medium Beech</b> <b>104 Dark Beech</b>	<b>105 Black Beech</b>
	Maple	<b>-MM</b>	<b>201 Natural Maple</b> <b>202 Light Maple</b>		
	Oak	<b>-OA</b>	<b>301 Natural Oak</b> <b>302 Medium Oak</b> <b>303 Grey Oak</b>	<b>304 Brown Oak</b>	

### Acrylic

Tablets and Tables with Acrylic surfaces are made from Acrylite® GP, which is a cell-cast acrylic sheet — lightweight, rigid thermoplastic material that has many times the breakage resistance of standard window pane glass. Previous applications have been in internal and external architectural elements.

#### Properties —

Meets ANSI Z 91.7 — Safety Glazing Materials in Buildings

More impact-resistant than glass. If subjected to impact beyond the limit of its resistance, it does not shatter into small slivers but breaks into large pieces. It is less than half the weight of glass. It is a combustible thermoplastic, so precautions should be taken to protect the material from flames and high heat sources. It has excellent resistance to many chemicals, but will be affected, in varying degrees by the following:

- aromatic solvents such as benzene and toluene
- chlorinated hydrocarbons such as methylene chloride and carbon tetrachloride
- ethyl and methyl alcohols
- some organic acids such as acetic acid
- lacquer thinners, esters, ketones, and ethers

#### Cleaning —

Wash acrylic with a mild soap or detergent and plenty of lukewarm water. Use a clean soft cloth, applying only light pressure. Rinse with clear water and dry by blotting with a damp cloth or chamois. Grease, oil, or tar may be removed with a good grade of hexane, aliphatic naphtha, or kerosene. These solvents may be obtained at a paint or hardware store and should be used in accordance with manufacturers' recommendations. Any oily film left behind by solvents should be removed immediately by washing.

**DO NOT USE: Window cleaning sprays, kitchen cleansers, gasoline, benzene, carbon tetrachloride, or lacquer thinner.**

### Health Care Legs

Legs may be special ordered for Health Care for an overall seat height at 18"

Specify option **RA-TALL LEG** on each type of leg specified and add **\$29 Net** to each leg cost  
Adjustable glides are standard on all legs

### Metal Finishes

Chrome <b>(-CH)</b>					
Powdercoat Finishes	Black	<b>(-BL)</b>	Silver	<b>(-SI)</b>	
	Matte Black	<b>(-MB)</b>	Matte Silver	<b>(-MS)</b>	

### Table & Tablet Finishes

Opaque White	Acrylic	<b>(-AY)</b>	Maple <b>(-MM)</b>	Arctic White <b>(-SP)</b> Available for RM-4100 table only
Wood Veneer	Beech	<b>(-BB)</b>	Walnut <b>(-WW)</b>	
	Oak	<b>(-OA)</b>		

### Upholstery

Due to the special tailoring of upholstered units, the following specifications for fabrics should be considered before specifying:

- **ALL FABRICS WILL BE RAILROADED - solids and patterns.**
- **Solid, non-repeat fabrics** are best suited for the seamless 2- and 3-seat straight units and all of the curved units
- **Fabrics with patterns must not be directional** because all patterns **must be railroaded**  
Curved units will be pieced according to matching required of pattern  
Lineal, stripes, and geometric patterns will be pieced and matched for the best possible solution, however, distinctive "v" patterns might occur and will not be considered a flaw  
*If a patterned fabric that cannot be railroaded is specified, then 1-seat units and curved units ONLY should be specified for all configurations*
- **Stretch should be across the roll from selvage to selvage or 2-way**, in order for 2- and 3-seat straight units to be cut in one-piece to eliminate seams and puddling  
Fabrics that stretch up the roll, i.e. Milestone, are not recommended because seams will have to be used and puddling might occur. The fabric stretch is used to minimize seams and puddling on curved pieces; the less stretch the more seams that will be necessary
- Yardage requirements will vary according to combination of units and fabrics specified  
PATTERNS AND NON-STRETCH FABRICS should be reviewed by Davis  
Please contact Davis Customer Service with selected fabric and/or submit sample of COM so Davis can determine exact yardage required according to unit combination ordered
- COL submitted must be of 50 sq. ft. hides and above for yield requirements of large patterns  
Pattern sizes for Two Seaters are as follows: Seat - 31" x 63", Inside Back Bottom- 32" x 27", Inside Headrest- 32" x 27" Outside Back - 32" x 27"  
Three seat units specified in leather will always have two seams on inside back and seat

# Radius Meeting Series

Designed by Wolfgang C. R. Mezger

## CONFIGURATIONS

# Webb Lounge Series

Designed by Burkhard Vogtherr

Webb Lounge transforms the reception area into a workplace by combining the comfort and look of the Webb Series design with a functional pivoting table. Additional power and communication outlets also provide the individual with the necessary tools to access modern business technology while on the go.

## Features

<b>Arms</b>	Square arm design Optional Pivoting Tablet available on square arm only.
<b>Interior Frame</b>	Seat — plywood and solid wood construction Arms — plywood and MDF construction Back — steel tubular frame with bar tabs for assembly. The back frame will be powdercoated to match the webbing selected.
<b>Legs</b>	Front — tapered metal cylinders Back — standard as angled metal bars <b>WB-Wheels</b> — Optional Wheels to substitute the standard angled back legs
<b>Webbing Upholstery</b>	Back — Features resilient stretch webbing constructed of woven polyester and Dupont LYCRA® Spandex. See below for colors offered.

## Options

<b>Metal Finish</b>	Powdercoat Finishes — Black (-BL) Silver (-SI) Matte Black (-MB) Matte Silver (-MS) <i>Special note: optional wheels, pivoting tablet, and rotating tablet metal finish will always match finish of unit on which it is specified.</i>
<b>Power/Communication</b>	<b>E-POPC-11/45 &amp; E-POPC-45/45</b> — Pull-out Power/Communication unit available on square arm units with tablet option, specify when ordering chair.
<b>Stretch Webbing Colors</b>	<b>WB-Black</b> Corresponding leather — <b>HE-5000</b> Black <b>WB-Candy Red</b> <b>HE-5004</b> Candy Red <b>WB-Coco</b> <b>HE-5006</b> Coco <b>WB-Dove</b> <b>HE-5005</b> Dove Green <b>WB-Grey</b> <b>HE-5002</b> Grey <b>WB-Natural</b> <b>HE-5001</b> Natural <b>WB-Royal</b> <b>HE-5003</b> Royal <b>WB-Stripe</b> (black with natural stripe) <b>HE-5000</b> Black or <b>HE-5001</b> Natural <i>Stripe woven with Black — Specify vertical or horizontal stripe effect.</i>
<b>Tablets</b>	<b>WB-PT-L or -R</b> — optional Pivoting Tablet with double jointed pivoting arm and elliptical top as a right-handed or left-handed tablet (direction determined by sitting in unit) — Square arm units only Top Surface — Solid Core Plastic (-SP)— specify color: <b>MV-Ebony</b> or <b>MV-Frost</b> , or Laminate top with a wood edge (-BB) — specify wood finish and specify laminate color.
<b>Two-Tone Webbing</b>	Two different webbing colors may be used together. Specify color for vertical application and horizontal application. No upcharge.
<b>Upholstery</b>	Davis Fabric and Leather Program or COM/COL
<b>Wood Finish</b>	Beech <b>-BB</b> <b>101 Natural Beech</b> <b>102 Light Beech</b> <b>103 Medium Beech</b> <b>104 Dark Beech</b> <b>105 Black Beech</b>

# ZA Bench Series

Designed by Shin & Tomoko Azumi  
Licensed from Lapalma

top right - two ZA-4610-OA-AL Stacked  
front to back - ZA-4610-OA-AL One Seat, ZA-4620-OA-AL Two Seat,  
and four ZA-4620-OA-AL Stacked

top to bottom - ZA-4620-OA-AL Two Seat, eight ZA-4630-OA-AL Curves,  
and ZA-4620-OA-AL Two Seat

Eight ZA-4630-OA-AL Curved Seats

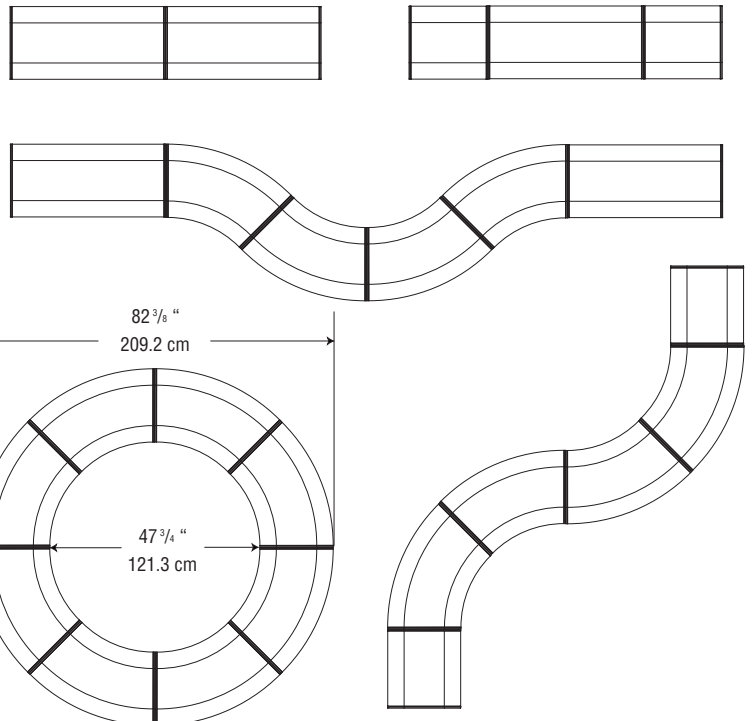

ZA in Japanese means “to sit” and this bench collection offers a seat with style and shape. This simple yet unique bench design is perfect for adding a shapely form to any lounge or public area. Select from a one, two, or curved unit and combine them to make a statement in either all wood, all upholstery, or mix them for an even more dramatic effect.

## Features

<b>Leg</b>	Polished aluminum leg with plastic glides
<b>Oak Shells</b>	All shells are made from blanchied oak
<b>Upholstery</b>	Foam over a plywood frame construction

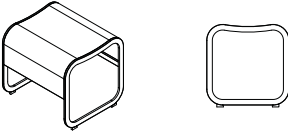

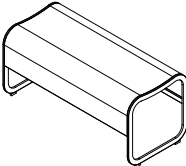

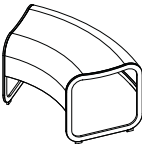

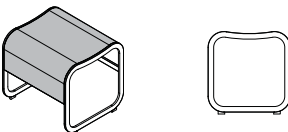

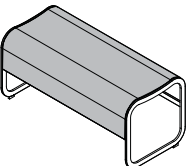

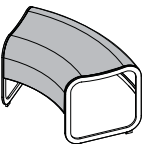

## Options

<b>Connectors</b>	<b>ZA-Connectors</b> are available at <b>\$7</b> per connector. Slides on underside of leg with four screws. Order one for pair of joined legs.
<b>Leg Finishes</b>	Polished Aluminum (-AL)
<b>Upholstery</b>	Davis Fabric and Leather Program COM/COL <b>These notes apply to all fabrics specified for ZA —</b> Thick fabric with heavy woven textures, tapestries, or very thick leathers are <b>not</b> recommended for the upholstery technique. Fabrics are glued to foam so thin or non-backed textiles are also not recommended for upholstery. If you are supplying the COM/COL that fall into these categories, submit a sample before ordering.
<b>Veneer Finishes</b>	<b>601 Light Oak</b> <b>602 Hazel Oak</b> <b>603 Slate Oak</b>

**Example:** item number **ZA-4610** + wood suffix **-OA** + finish suffix **-AL** = **ZA-4610-OA-AL** (711-16)

# Zeno Tandem Series

Designed by Wolfgang C.R. Mezger

Licensed from Artifort

The Zeno Tandem Series brings the simplistic beauty of the Zeno series into the multiple person lounge environment. Working on the fundamental idea of a central mounting beam, the system allows for several separate seating arrangements. Two table types offer both physical and visual ganging of seating tandems.

## Features

<b>Beams</b>	Metal finish matches powdercoat finish on legs Beam in Silver powdercoat finish when chrome legs are specified Beams are joined to legs and seat by beam connectors Plastic caps on beam ends
<b>Beam Connector</b>	<b>ZE-FBC</b> (711-17) — Beam Connector to join freestanding beam units Powdercoat Finishes — Black (- <b>BL</b> )                      Silver (- <b>SI</b> ) Matte Black (- <b>MB</b> )              Matte Silver (- <b>MS</b> )
<b>Beam Table</b>	<b>ZE-BT-1</b> (711-17) - <b>ZE-BT-5</b> (711-17) — Beam Table specified to replace a seat on tandem unit. Table model number signifies location on beam. Beech (- <b>BB</b> ) — see finishes below Plastic Laminate (- <b>LAM</b> ) — Nevamar or Wilsonart
<b>Beech Shell</b>	One-piece, pressed beech wood with compounded curves
<b>Freestanding Table</b>	Top — Beech (- <b>BB</b> ) — see finishes below Plastic Laminate (- <b>LAM</b> ) — Nevamar or Wilsonart Metal base — Chrome (- <b>CH</b> ) — polished chrome column and silver powdercoat base Powdercoat Finishes — see finishes below
<b>Legs &amp; Connectors</b>	Contoured aluminum legs with black plastic glides and connectors Chrome (- <b>CH</b> ) with glass bead-blasted sides Powdercoat Finishes — see finishes below
<b>Partition Arm</b>	Beech wood, partition arm — may be placed at ends or between seats Specify location when ordering Standard wood finishes below
<b>Pivoting Corner Table</b>	A pivoting corner table may be specified to connect two beam units. Beech (- <b>BB</b> ) — see finishes below Plastic Laminate (- <b>LAM</b> ) — Nevamar or Wilsonart
<b>Upholstery</b>	Interior Upholstery — outside beech shells with inset shells in fabric or leather Thick, tapestry-style fabrics may not be acceptable for interior upholstery. Fully Upholstered — interior foam for additional comfort

## Options

<b>Metal Finishes</b>	Arms, legs and connectors — Chrome (- <b>CH</b> ) with glass bead-blasted sides Powdercoat Finishes — Black (- <b>BL</b> )                      Silver (- <b>SI</b> ) Matte Black (- <b>MB</b> )              Matte Silver (- <b>MS</b> )  Beams — Powdercoat Finishes only Beam in Silver powdercoat finish when chrome legs are specified
<b>Wood Finishes</b>	Beech <b>-BB</b> <b>101 Natural Beech</b> <b>102 Light Beech</b> <b>103 Medium Beech</b> <b>104 Dark Beech</b> <b>105 Black Beech</b>
<b>Upholstery</b>	Davis Fabric and Leather Program or COL/COM

w x d	inches	1 3/4 x 15 3/4	25 5/8
	centimeters	4.4 x 40	65.1
<b>Shipping Weight</b> approx.		3 lbs.	

### When ordering Arm Partition please specify the following:

- Model number for the tandem unit on which the arm partition(s) is to be installed, i.e. .... **(1) ZE-FS3-10-CH** (711-17)
- Quantity and location of arm partition(s), i.e. Two Arm Partitions at end locations — (arm / seat / seat / seat / arm) ..... **(2) ZE-AP1-CH** (711-17)  
Ends only: Quantity = 2 arm partitions required  
Ends and between each seat: Maximum quantity for 2 seater = 3 arm partitions required  
Maximum quantity for 3 seater = 4 arm partitions required  
Maximum quantity for 4 seater = 5 arm partitions required

### Ordering Example:

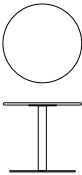

To order beam tables to replace seats on a 2, 3, 4 or 5 seat freestanding unit:

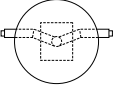

- Specify the model number for the freestanding seating unit, i.e. .... **ZE-FS5-10-CH** (711-17) (freestanding 5 seater, wood seat, chrome)
- Specify the model number for the replacement beam table unit, including the table location 1 through 5 from left to right, and table finish **-BB** for Beech Veneer or **-LAM** for Laminate, i.e. .... **ZE-BT-3-BB** (711-17) (beam table position 3, beech veneer)

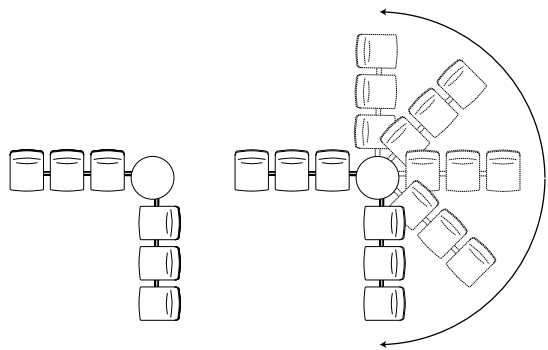

# Zeno Tandem Series

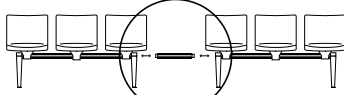

**Example:** item number **ZE-FT** + wood suffix **-BB** + finish suffix **-BL** = **ZE-FT-BB-BL** (711-11)

Item	Finish	GSA Net Price	
		-BB Beech	-LAM Laminate

## INFORMATION FOR ORDERING ACTIVITIES

### AWARDED SPECIAL ITEM NUMBERS:

711-8 711-9 711-11 711-16 711-18  
711-17 711-19

**MAXIMUM ORDER LIMITATION:** \$150,000

**MINIMUM ORDER:** \$100

**GEOGRAPHIC COVERAGE (DELIVERY AREA):** Continental United States and District of Columbia

**POINT OF PRODUCTION:** High Point, Guilford County, North Carolina

**DISCOUNTS:** Prices shown herein are net government cost (discounts deducted). Prices include cartoning.

<b>QUANTITY DISCOUNTS:</b>	\$15,001 - \$25,000	2%
	\$25,001 - \$35,000	3%
	\$35,001 - \$50,000	4%
	\$50,001 - \$100,000	5%
	\$100,001 - \$150,000	6%

**PROMPT PAYMENT TERMS:** 2% - 20 days, Net 30 days.

**GOVERNMENT COMMERCIAL CREDIT CARDS:** Accepted

**FOREIGN TERMS:** None

**TIME OF DELIVERY:** 90 days A.R.O.

**F.O.B. POINT:** High Point, North Carolina (Prices do not include inside delivery)

**ORDERING AND PAYMENT ADDRESS:** Davis Furniture Industries, Inc.  
PO Box 2065  
High Point, NC 27261-2065

**WARRANTY PROVISIONS:** For products sold after January 1, 2001, subject to the limitations, exclusions and disclaimers set forth below, (which are expressly incorporated herein), Davis warrants its products to be free from defects in workmanship and materials for a period of five (5) years after the date of original shipment (the "Warranty Period"), provided the product is used in the manner and under the conditions for which it is designed.

**EXPORT PACKING CHARGES:** None Offered

**RESTOCKING CHARGE:** For other than warranty reasons, the restocking charge shall not exceed 25% of the net cost. Agencies must notify Davis within ten (10) working days after receipt of merchandise if a return authorization is to be given. Restocking will not be accepted if products are in users possession for more than twenty (20) working days. All products to be returned must be in cartons (original cartons if available) and shipped freight pre-paid.

**CANCELLATION CHARGE:** No cancellation charge prior to production. After production only actual cost incurred that cannot be recovered through resale of the merchandise in a reasonable length of time (6 months).

**PRICE REDUCTIONS:** The category of customer upon which this award is predicated will be Choice Dealers who receive a maximum discount of 55% from Davis Commercial Pricelist effective January 1, 2011. The Government receives a discount of 52.4% or 52% (inclusive of IFF). This price relationship will be maintained throughout the contract period. Further, for the purpose of the Price Reduction Clause, and change in the contractors discount arrangement applicable to Choice Dealers, which disturbs this relationship shall constitute a price reduction.

**RETURNS:** Returns should not be made without written authority from factory. Excess costs will be charged to ordering activity for unauthorized returns. No merchandise may be returned for credit without written approval.

**PERFORMANCE TESTS:** All conference tables offered in this contract meet applicable ANSI X 5.5-1998 test requirements. (Sections 5, 10, 11, 12, 13)

**OVERSEAS SHIPMENTS:** Products shipped outside of the continental US should be specified with special cartoning and/or crating for export.

**A 5% upcharge to net prices** will be assessed. If it is possible to combine items into larger crates, this will be considered. Contact your Davis Customer Service Representative to verify quotes for exported products.

The following describes special cartoning/crating: SEATING — all seating units are boxed but may require additional crating reinforcement. All tandem seating units must be crated, including Zeno Tandem.

## FREIGHT GUARANTEED PROGRAM

Davis offers an optional guaranteed freight program. Delivery is via common carrier or Davis truck. Freight charges are precalculated and prepaid by Davis, and added to the original invoice at time of shipment. This optional guaranteed freight rate program enables the purchaser to determine freight charges when ordering and provides the purchaser with one invoice for both freight and Davis products.

Freight charges are for normal delivery only and do not include inside delivery, installation, uncartoning or removal of cartons. A request for call prior to delivery is an additional \$25. Additional charges will be determined on a per shipment basis.

Merchandise is shipped F.O.B. High Point, NC, freight prepaid and allowed to one destination. Title of goods changes when merchandise leaves Davis' dock, and any subsequent freight damage and all freight claims are the responsibility of the purchaser or consignee to report to the carrier promptly upon receipt and to settle with the carrier.

**Unless otherwise noted on your order, Davis will ship "Freight Guaranteed", and will select the most appropriate carrier and routing on all shipments. If the customer specifies a carrier on their order, freight will ship collect via that carrier.**

How to use the Freight Guaranteed Program:

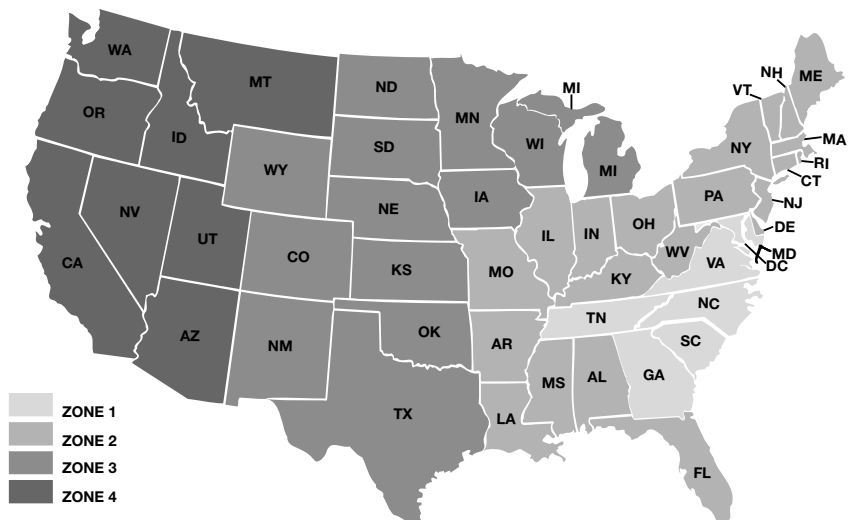

The Continental United States has been divided into four territories.

Using the Map at right, determine the territory of the product destination. Freight charges are calculated as a percentage of **COL/COM net price** based on the following scale:

Zone 1 – 6%  
Zone 2 – 8%  
Zone 3 – 10%  
Zone 4 – 12%

Minimum charges will be applied to each zone as follows:

Zone 1 – \$60  
Zone 2 – \$75  
Zone 3 – \$95  
Zone 4 – \$125

ZONE 1  
ZONE 2  
ZONE 3

Washington

# General Information

**Customer's Own Material** COM/COL price includes application of customer's fabric (leather) which should be prepaid to factory address and clearly marked to indicate: 1) buyer's name, 2) buyer's purchase order number, 3) client, 4) furniture number of item to be covered, and 5) instructions for application, i.e. face, railroaded, reversed, etc. Furniture orders should include this same information as well as cutting instructions and a description of the fabric including pattern and color number in order to provide a cross reference and to reduce the margin of error. *In the absence of specific written instructions accompanying the order, fabrics will be cut, seamed and applied at our discretion and at the customer's risk.*

Yardage requirements shown in price list are based on using fabric which is plain and a full 54" wide. Fabrics of narrower widths and/or which involve matching repeats will require additional yardage. Under most of these circumstances, the following tables can be used as a guide. Collect shipments of COM fabrics will not be accepted. All orders and COM/COL materials should be sent directly to Davis Furniture Industries, Inc., 2401 South College Drive, High Point, NC 27260, TEL (336) 889-2009.

Fabric less than 54" wide —		54" Fabric with a print or stripe repeat —	
Fabric Width	Increase COM requirement by:	Repeat	Increase COM requirement by:
50"	8%	7" and under	11%
48"	13%	8" to 13"	18%
45"	20%	14" to 21"	21%
36"	50%	22" to 27"	24%
		28" and over	25%

**If you are using a velvet fabric or any fabric with a directional nap, contact factory.**

**FOR LARGE QUANTITIES** — Davis will supply exact yardage requirements for large quantities, revisions and special match problems upon request. In the absence of specific written instructions accompanying the order, fabrics will be cut, seamed and applied at our discretion and at the customer's risk. Napped and some velvets are usually applied without luggage stitching. While we inspect fabrics for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, and other flaws. We suggest that our customers inspect fabrics before furnishing them. Under no circumstances will we assume responsibility for COM/COL shortages, flaws, or other such problems. While we make a concerted effort to control COM/COL materials, it is not our responsibility to police the receipt of these materials in order to meet delivery deadlines and we assume that customers are aware of any undue delay in the delivery of their COM/COL materials.

**Grade Differential** All upholstered seating is shown with a COM/COL net price and Grades 1 through 12. In addition, a grade differential for each product will be given. This is a constant dollar (\$) increment between fabric grades and may be used to calculate higher graded fabrics.

**Example: Net Price of item for Grade 12 is \$1200 with a Grade Differential of \$45. Fabric selected is Grade 15. Multiply 3 times \$45 = \$135 + \$1200 = \$1335 for item in Grade 15.**

**Fabric & Leather** Davis offers a variety of fabric collections such as Maharam and Momentum as well as special fabric collections. Please refer to the Davis Fabric & Leather Grade List for all available offerings and grades.

**Fire Resistance** All Davis seating conforms to California #117 Bulletin for fire resistance. Many products have been tested and pass California TB 133. Please contact factory for information.

**Specials** Because products are manufactured upon receipt of order, it may be possible to accommodate product modifications. Specials that require alternative woods or new design specifications should be submitted to Customer Service for review. The requirements of the Special must meet the manufacturing process of Davis.

**Special Finishes** Special finishes are available. Please send a sample of the finish color desired and add a formulation charge of **\$250 net plus 5% net per item** upcharge. Seating has an upcharge of **5% net on COM/COL price**. Upcharge based on Davis' approval of sample submitted. Please allow two weeks for special finish sample to be submitted by Davis for approval.

**Special Veneer Match** Table units shown separately but ordered together (except Carré) will not automatically be assumed that they are going to be used together, therefore, the veneer will not be matched. If separate tops are going to be used together you must submit a drawing of the configuration and specify veneer matching desired. There will be an appropriate upcharge according to the configuration and type of veneer specified.

If standard multiple top tables are going to be used in different configurations other than illustrated in the price list, an upcharge may be necessary for non-standard veneer direction. Contact factory and submit drawing for review.

## Check List for Ordering Furniture

Many orders are received with incomplete or conflicting information, causing needless correspondence and unnecessary delay. Before submitting your order, please be sure it includes the following information:

1. Quantity
2. Item Number — refer to each product collection for complete item number sequence, plus SIN number
3. Finish Color — wood and metal
4. Fabric pattern, color and application instructions — specify pattern direction and correct side
5. Options — list with each specific product
6. Any specials or revision to standard construction
7. Drawing for all modular seating, table, or case good components
8. Your purchase order number
9. Shipping destination
10. Shipping instructions; if any

Orders should be sent via e-mail, whenever possible, to expedite the entry process. Send to orders@davisfurniture.com. If this is not possible then fax orders to (336) 889-0031.

# Ch@t Chair Series

Designed by Martin Ballendat / Licensed from Wiesner-Hager

Ch@t offers a lightweight, graceful multi-purpose chair that is both colorful and comfortable. The back and seat are made of polypropylene, dyed through the full thickness in a choice of eight colors, or upholstered in the Milestone Fabric Collection.

The tubular-steel frame is offered in six powdercoated finishes.

## Features

**Back and Seat** Polypropylene, dyed through the full thickness  
Backs and seats may be ordered with back, seat, or both upholstered.  
Refer to numbering structure for specific item.  
Fabric selection is only **Milestone** due to construction restrictions.

**Frame** Tubular steel with polyamide glides  
Felt glides available — contact factory. No upcharge.

**Stacking** Stacking bumpers under seat  
Stacks ten high with optional mobile cart

## Options

**Back & Seat Color** Color selections — must specify when ordering  
**CH-Butter** **CH-Celery**  
**CH-Cool Water** **CH-Crystal**  
**CH-Graphite** **CH-Lemoncello**  
**CH-Really Red** **CH-Tangy**

**Back & Seat Upholstery** Only available in **Milestone** by Maharam  
due to construction restrictions.  
Specify pattern number **403901** and color number desired.  
Fabric durability is heavy duty rating of 300,000 double rubs.  
Content — 78% Post-Industrial Recycled Polyester, 15% Polyester,  
and 7% Nylon.

**Cart** **CH-Cart** (711-19) — enables easy movement of stacked chairs.  
Stacks ten high, two lockable casters, black powdercoat only.

**Ganging Device** **CH-GANG** (711-19) — onboard device that links armless chairs.  
Must be specified when ordered.

**CH-SEAT** (711-19) — seat number available at **\$9** per number  
**CH-ROW** (711-19) — row number available at **\$7** per number

# Kirkos Chair Series

Designed by Wolfgang C.R. Mezger

Kirkos employs a unique bent-plywood technology that allows for the shell to form a complete circle when arms are attached. Available in all wood or laminate, wood or laminate with a seat pad, wood or laminate with seat and back pad, or only wood with upholstered insert.

The tubular steel frame is offered in chrome and four powdercoated finishes.

## Features

<b>Bases</b>	<b>Four-Leg</b> — tubular steel with polyamide glides — felt glides available <b>Pedestal</b> — steel plate with column — swivels <b>Four-Leg Swivel</b> — tubular steel with adjustable nylon glides — swivels
<b>Shells</b>	One-piece bent-plywood shell connected under seat Offered in beech, maple, oak, and walnut veneers Also available in a LPL laminate color Three upholstered styles available — seat pad, seat and back pad, and insert
<b>Stacking</b>	Four-Leg chairs have stacking bumpers under wood shells and seat pans under upholstered versions Wood chairs stack 6 high and upholstered chairs stack 4 high

## Options

<b>Felt Glides</b>	Four-Leg chairs may be specified with felt glides for hard floor surfaces Specify <b>KI-70-Felt Glides</b> when ordering product
<b>Laminate Finishes</b>	Lightweight Plastic Laminate — <b>KI-White</b> If other colors are needed contact Factory with color and quantity
<b>Metal Finishes</b>	Chrome ( <b>-CH</b> ) Powdercoat Finishes — Black ( <b>-BL</b> )      Silver ( <b>-SI</b> ) Matte Black ( <b>-MB</b> )      Matte Silver ( <b>-MS</b> )
<b>Upholstery</b>	Davis Fabric and Leather Program or approved COM/COL <i>These notes apply to all fabrics specified for Kirkos, except KI-7040 —</i> Thick fabric with heavy woven textures, tapestries, or very thick leathers are <u>not</u> recommended for the interior upholstery technique. Fabrics are glued to foam, so thin or non-backed textiles are also not recommended for upholstery. KI-7040 Fully Upholstered Insert Chairs must be specified with fabric that stretches in both directions. Fabric with Gore backing is not recommended. Contact factory for additional information.

<b>KI-Trolley-TB</b>	Transport Trolley — Textured Black Only Two locking casters — Wood chairs stack 6 high — Upholstered chairs stack 4 high <b>228</b>
<b>Dimensions</b>	
Outside w x d x h	inches 22 7/8 x 23 3/8 x 7-10 1/4 centimeters 58.1 x 59.4 x 17.8-26
<b>Shipping Weight</b> approx	44 lbs

# Lipse Chair Series

Designed by Wolfgang C.R. Mezger

A new seating classic has been born with the creation of Lipse. The unique plywood shell creates a distinctive design statement with its shapely lines and special aluminum connection between the back and seat shell. The joined shell is then applied to different bases creating the perfect multi-purpose design.

## Features

Bases	<b>Four-Leg</b> — tubular steel with polyamide glides — fixed
	<b>Pedestal</b> — steel plate with column — swivels
	<b>Four-Leg Swivel</b> — tubular steel with polyamide glides — swivels
Shells	Two-piece bent-plywood shells joined with aluminum connector (no other color)
	Offered in beech, maple, oak, and walnut veneers
	One upholstered style available — interior upholstered

## Options

Metal Finishes	Chrome (-CH)		Leg Chairs and Pedestal Base Chairs
	Powdercoat Finishes —		
	Black (-BL)	Silver (-SI)	
	Matte Black (-MB)	Matte Silver (-MS)	
Stacking	Low density stacking is available — specify when ordering, cannot be retrofitted in field		
	Options allow chairs to stack four high		
	<b>LI-Stacking Uph</b> — soft black cushioned bottom for upholstered chairs — no upcharge		
	<b>LI-Stacking Wood</b> — plastic leg strips for wood chairs — no upcharge		
Upholstery	Davis Fabric and Leather Program or approved COM/COL		
	Please note that thick fabric with heavy woven textures, tapestries, or ver y		
	thick leather are not recommended for the interior upholstery technique		
	If you are supplying the COM/COL — submit a sample before ordering

# Lipse Bistro Package

Designed by Wolfgang C.R. Mezger

As an added bonus, the Lipse shell was resized to create a bar stool that is offered in 29 1/2" seat height.

To complete this package, a sleek bistro table was designed to match the bar stool. The table was designed with a package shelf and foot rest for added comfort.

## Features

<b>Back and Seat Shells</b>	Bent plywood shells with aluminum connector
<b>Four-Leg Frame</b>	Tubular steel with plastic glides

## Options

<b>Metal Finishes</b>	Chrome (-CH)		
	Powdercoat Finishes —		
	Black (-BL)	Silver (-SI)	
	Matte Black (-MB)	Matte Silver (-MS)	
<b>Top Materials</b>	Granite	-GR	PA-Mirage
	Solid Core Plastic	-SP	MV-Ebony MV-Frost SP-Arctic
<b>Upholstery</b>	Davis Fabric and Leather Program COM/COL Please note that thick fabric with heavy woven textures, tapestries, or very thick leather are not recommended for the interior upholstery technique. If you are supplying the COM/COL that fall into these categories, submit a sample before ordering.

# MilanoLight Chair Series

Designed by Wolfgang C.R. Mezger / Licensed from Brunner

Features			
Applications	Pull-up office, small conference, hospitality, retail, and low density stacking		
Arms	Arms are solid wood and attach to the steel frame and will match shell, except laminate and fully upholstered arm chairs <u>Laminate shell chairs</u> with arms are available only in any of the Oak finishes offered. <u>Fully upholstered chairs</u> are offered in Beech, Maple, or Oak in standard finishes		
Frames	Steel frame has mitered corners on back legs and unique arm connection on arm chairs		
Glides	All chairs standard with black plastic glides with white nylon tip — multi-purpose surface glides / replacement in field - <b>MI-Plastic-R</b> at a cost of <b>\$8</b> Net for set of 4 <i>Optional glides are available see below</i>		
Shells	Incorporates patented plywood technology that allows the thinner plys to be bent to an extremely tight radius Bent plywood shells have a slight flex when leaning back in chair		
Stacking	Low density stacking - veneer or laminate chairs stack 10 high and upholstered chairs stack 8 high A hand cart for transportation is available - <b>MI-Cart-BL</b> at <b>\$386</b> Net Veneer or laminate chairs have clear stacking bumpers / Upholstered chairs have a black seat pan.		
Upholstery	Three variations of upholstery treatments are available on MilanoLight chairs <i>Seat Liner</i> — upholstered seat pan attaches to shell seat <i>Upholstered Insert</i> — upholstered interior shell that attaches to inside of shell <i>Fully Upholstered</i> — interior wood shell with seat opening that has 3" wide elastic strip webbing woven and fastened to seat frame - this allows for a comfortable and flexing seat cushion MilanoLight Barstools are only offered with the Seat Liner and Fully Upholstered		
Options

MILANO - Multi-Purpose

# Prime Chair Series

Designed by Prof. Thomas M. Fürst  
Distributed for Brunner

## SPECIFICATIONS

### FEATURES

Applications	Large-scale seating areas, cafeterias, training and seminars
Arms	Arm rests have elastomer upholstery with haptic technology for optimal comfort
Frames	Steel tubular frames with stringent horizontal structures
Glides	Black plastic glides are standard Optional felt and self-level available - see below
Shells	Sculptural formed wooden shells with slight flex when leaning back Ribbed shells offer slip-resistance in seat shell as extra benefit and aesthetic appearance as well
Stacking	Low density stacking - veneer or laminate stack <b>8</b> high, and upholstered stack <b>6</b> high Veneer and laminate chairs have stacking bumpers Upholstered chairs have plastic pan protectors A hand cart for transportation is available - <b>PM-Cart-BL</b> at <b>\$386</b>
Upholstery	Two variations of upholstery treatments are available — <i>Seat Liner</i> — upholstered seat pan attaches to shell seat <i>Seat and Back Liner</i> — upholstered seat and back attaches to shell

### OPTIONS

Glides	Black plastic glides are standard - multi-purpose surface glides / replacement in fi eld - <b>PM-Plastic-R</b> at a cost of <b>\$8</b> for set of 4 <i>Optional glides are available —</i> <b>PM-Felt</b> - for wood fl oors - chrome tip with black insert - no additional charge at time of order / replacement in fi eld - <b>PM-Felt-R</b> at a cost of <b>\$8</b> for set of 4 <b>PM-Self-Leveling</b> - for leveling on uneven surfaces - no additional charge at time of order / replacement in fi eld - <b>PM-Self-Leveling-R</b> at a cost of <b>\$8</b> for set of 4		
Laminates	A lightweight laminate is available in <b>PM-White</b> only		
Metal Finishes	Chrome ( <b>-CH</b> ) Powdercoat Finishes — Black ( <b>-BL</b> )                      Silver ( <b>-SI</b> ) Matte Black ( <b>-MB</b> )              Matte Silver ( <b>-MS</b> )		
Special Hand Hole for Moving	A special hole may be cut into the back of the shell to make it easier to move the chair - contact Factory for pricing and quantity requirements		
Upholstery	Davis Fabric and Leather Program or COM/COL

# Zeno Chair Series

Designed by Wolfgang C.R. Mezger  
Licensed from Artifort

**ZE-10-TB** (711-19)

**ZE-11-CH** (711-19)

**ZE-20-CH** (711-19)

**ZE-22-CH** (711-19)

**ZE-TT** (711-19) Transport Trolley

A simple beauty, the Zeno chair exemplifies the statement “less is more.” The slim, sweeping aluminum frame combined with a pressed beech wood shell gives Zeno beauty that is unusual in stackable seating.

## Features

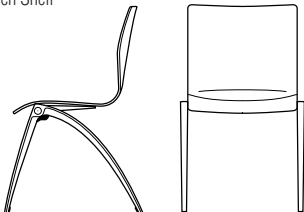

<b>Arms</b>	Beech wood inlay with aluminum framing Black resin inlay with aluminum framing
<b>Base</b>	Contoured cast aluminum - Polished top surface with glass bead blasted sides Support frame for seat is steel
<b>Shell</b>	One-piece, pressed, rotary-cut beech wood with compounded curves
<b>Stacking</b>	All chairs stack Bumpers to protect chairs are part of leg design Transport Trolley is recommended for up to 12 chairs

## Options

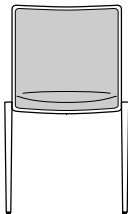

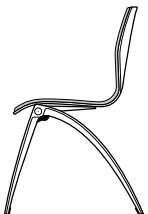

<b>Arm Finishes</b>	Beech wood — available in all Beech Finishes Black resin arms
<b>Felt Glides</b>	<b>ZE- Felt Glides</b> — option is available at <b>\$2</b> net upcharge per chair. Must be specified when ordering.
<b>Metal Finish</b>	Chrome ( <b>-CH</b> ) with glass bead blasted sides Powdercoat Finishes — Black ( <b>-BL</b> )                      Silver ( <b>-SI</b> ) Matte Black ( <b>-MB</b> )              Matte Silver ( <b>-MS</b> )
<b>Transport Trolley</b>	<b>ZE-TT</b> (711-19) — textured black metal with two heavy duty, locking casters Recommended for up to 12 chairs
<b>Upholstery</b>	Davis Fabric and Leather Program COM/COL
<b>Wood Finishes</b>	Beech <b>-BB</b> <b>101 Natural Beech</b> <b>102 Light Beech</b> <b>103 Medium Beech</b> <b>104 Dark Beech</b> <b>105 Black Beech</b>

## INFORMATION FOR ORDERING ACTIVITIES

### AWARDED SPECIAL ITEM NUMBERS:

711-8 711-9 711-11 711-16 711-18  
711-17 711-19

**MAXIMUM ORDER LIMITATION:** \$150,000

**MINIMUM ORDER:** \$100

**GEOGRAPHIC COVERAGE (DELIVERY AREA):** Continental United States and District of Columbia

**POINT OF PRODUCTION:** High Point, Guilford County, North Carolina

**DISCOUNTS:** Prices shown herein are net government cost (discounts deducted). Prices include cartoning.

**QUANTITY DISCOUNTS:**

\$15,001 - \$25,000	2%
\$25,001 - \$35,000	3%
\$35,001 - \$50,000	4%
\$50,001 - \$100,000	5%
\$100,001 - \$150,000	6%

**PROMPT PAYMENT TERMS:** 2% - 20 days, Net 30 days.

**GOVERNMENT COMMERCIAL CREDIT CARDS:** Accepted

**FOREIGN TERMS:** None

**TIME OF DELIVERY:** 90 days A.R.O.

**F.O.B. POINT:** High Point, North Carolina (Prices do not include inside delivery)

**ORDERING AND PAYMENT ADDRESS:** Davis Furniture Industries, Inc.  
PO Box 2065  
High Point, NC 27261-2065

**WARRANTY PROVISIONS:** For products sold after January 1, 2001, subject to the limitations, exclusions and disclaimers set forth below, (which are expressly incorporated herein), Davis warrants its products to be free from defects in workmanship and materials for a period of five (5) years after the date of original shipment (the "Warranty Period"), provided the product is used in the manner and under the conditions for which it is designed.

**EXPORT PACKING CHARGES:** None Offered

**RESTOCKING CHARGE:** For other than warranty reasons, the restocking charge shall not exceed 25% of the net cost. Agencies must notify Davis within ten (10) working days after receipt of merchandise if a return authorization is to be given. Restocking will not be accepted if products are in users possession for more than twenty (20) working days. All products to be returned must be in cartons (original cartons if available) and shipped freight pre-paid.

**CANCELLATION CHARGE:** No cancellation charge prior to production. After production only actual cost incurred that cannot be recovered through resale of the merchandise in a reasonable length of time (6 months).

**PRICE REDUCTIONS:** The category of customer upon which this award is predicated will be Choice Dealers who receive a maximum discount of 55% from Davis Commercial Pricelist effective January 1, 2011. The Government receives a discount of 52.4% or 52% (inclusive of IFF). This price relationship will be maintained throughout the contract period. Further, for the purpose of the Price Reduction Clause, and change in the contractors discount arrangement applicable to Choice Dealers, which disturbs this relationship shall constitute a price reduction.

**RETURNS:** Returns should not be made without written authority from factor y. Excess costs will be charged to ordering activity for unauthorized returns. No merchandise may be returned for credit without written approval.

**PERFORMANCE TESTS:** All conference tables offered in this contract meet applicable ANSI X 5.5-1998 test requirements. (Sections 5, 10, 11, 12, 13)

**OVERSEAS SHIPMENTS:** Products shipped outside of the continental US should be specified with special cartoning and/or crating for export.

**A 5% upcharge to net prices** will be assessed. If it is possible to combine items into larger crates, this will be considered. Contact your Davis Customer Service Representative to verify quotes for exported products.

The following describes special cartoning/crating: SEATING — all seating units are boxed but may require additional crating reinforcement. All tandem seating units must be crated, including Zeno Tandem.

## FREIGHT GUARANTEED PROGRAM

Davis offers an optional guaranteed freight program. Delivery is via common carrier or Davis truck. Freight charges are precalculated and prepaid by Davis, and added to the original invoice at time of shipment. This optional guaranteed freight rate program enables the purchaser to determine freight charges when ordering and provides the purchaser with one invoice for both freight and Davis products.

Freight charges are for normal delivery only and do not include inside delivery, installation, uncartoning or removal of cartons. A request for call prior to delivery is an additional \$25. Additional charges will be determined on a per shipment basis.

Merchandise is shipped F.O.B. High Point, NC, freight prepaid and allowed to one destination. Title of goods changes when merchandise leaves Davis' dock, and any subsequent freight damage and all freight claims are the responsibility of the purchaser or consignee to report to the carrier promptly upon receipt and to settle with the carrier.

**Unless otherwise noted on your order, Davis will ship "Freight Guaranteed", and will select the most appropriate carrier and routing on all shipments. If the customer specifies a carrier on their order, freight will ship collect via that carrier.**

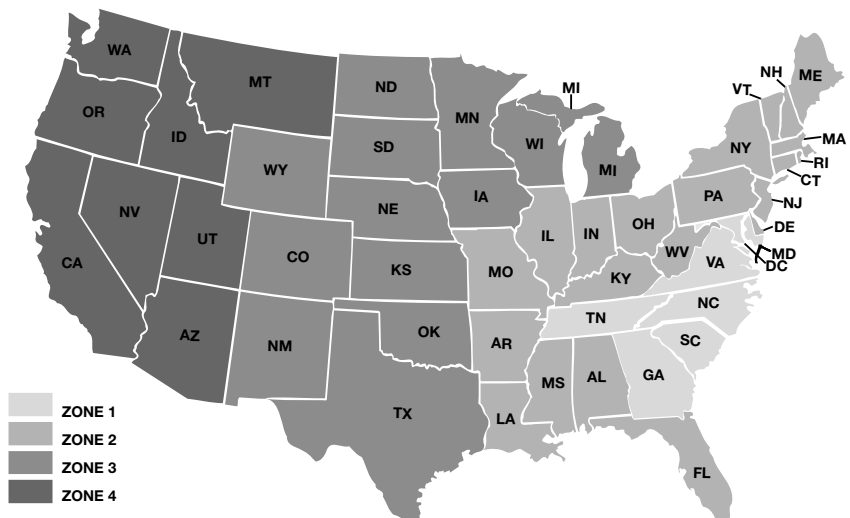

How to use the Freight Guaranteed Program:

The Continental United States has been divided into four territories. Using the Map at right, determine the territory of the product destination. Freight charges are calculated as a percentage of **COL/COM net price** based on the following scale:

Zone 1 - 6%  
Zone 2 - 8%  
Zone 3 - 10%  
Zone 4 - 12%

Minimum charges will be applied to each zone as follows:

Zone 1 - \$60  
Zone 2 - \$75  
Zone 3 - \$95  
Zone 4 - \$125

### Zone 1

Georgia  
Maryland  
North Carolina  
South Carolina  
Tennessee  
Virginia  
Washington, D.C.

Washington

# General Information

**Customer's Own Material** COM/COL price includes application of customer's fabric (leather) which should be prepaid to factory address and clearly marked to indicate: 1) buyer's name, 2) buyer's purchase order number, 3) client, 4) furniture number of item to be covered, and 5) instructions for application, i.e. face, railroaded, reversed, etc. Furniture orders should include this same information as well as cutting instructions and a description of the fabric including pattern and color number in order to provide a cross reference and to reduce the margin of error. ***In the absence of specific written instructions accompanying the order, fabrics will be cut, seamed and applied at our discretion and at the customer's risk.***

Yardage requirements shown in price list are based on using fabric which is plain and a full 54" wide. Fabrics of narrower widths and/or which involve matching repeats will require additional yardage. Under most of these circumstances, the following tables can be used as a guide. Collect shipments of COM fabrics will not be accepted. All orders and COM/COL materials should be sent directly to Davis Furniture Industries, Inc., 2401 South College Drive, High Point, NC 27260, TEL (336) 889-2009.

Fabric less than 54" wide —		54" Fabric with a print or stripe repeat —	
Fabric Width	Increase COM requirement by:	Repeat	Increase COM requirement by:
50"	8%	7" and under	11%
48"	13%	8" to 13"	18%
45"	20%	14" to 21"	21%
36"	50%	22" to 27"	24%
		28" and over	25%

**If you are using a velvet fabric or any fabric with a directional nap, contact factory.**

**FOR LARGE QUANTITIES** — Davis will supply exact yardage requirements for large quantities, revisions and special match problems upon request. In the absence of specific written instructions accompanying the order, fabrics will be cut, seamed and applied at our discretion and at the customer's risk. Napped and some velvets are usually applied without luggage stitching. While we inspect fabrics for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, and other flaws. We suggest that our customers inspect fabrics before furnishing them. Under no circumstances will we assume responsibility for COM/COL shortages, flaws, or other such problems. While we make a concerted effort to control COM/COL materials, it is not our responsibility to police the receipt of these materials in order to meet delivery deadlines and we assume that customers are aware of any undue delay in the delivery of their COM/COL materials.

Grade Differential	All upholstered seating is shown with a COM/COL net price and Grades 1 through 12. In addition, a grade differential for each product will be given. This is a constant dollar (\$) increment between fabric grades and may be used to calculate higher graded fabrics. <b>Example: Net Price of item for Grade 12 is \$1200 with a Grade Differential of \$45. Fabric selected is Grade 15. Multiply 3 times \$45 = \$135 + \$1200 = \$1335 for item in Grade 15.</b>
Fabric & Leather	Davis offers a variety of fabric collections such as Maharam and Momentum as well as special fabric collections. Please refer to the Davis Fabric & Leather Grade List for all available offerings and grades.
Fire Resistance	All Davis seating conforms to California #117 Bulletin for fire resistance. Many products have been tested and pass California TB 133. Please contact factory for information.
Specials	Because products are manufactured upon receipt of order, it may be possible to accommodate product modifications. Specials that require alternative woods or new design specifications should be submitted to Customer Service for review. The requirements of the special must meet the manufacturing process of Davis.
Special Finishes	Special finishes are available. Please send a sample of the finish color desired and add a formulation charge of <b>\$250 net plus 5% net per item</b> upcharge. Seating has an upcharge of <b>5% net on COM/COL price</b> . Upcharge based on Davis' approval of sample submitted. Please allow two weeks for special finish sample to be submitted by Davis for approval.
Special Veneer Match	Table units shown separately but ordered together (except Carré) will <u>not</u> automatically be assumed that they are going to be used together, therefore; the veneer will <u>not</u> be matched. If separate tops are going to be used together you must submit a drawing of the configuration and specify veneer matching desired. There will be an appropriate upcharge according to the configuration and type of veneer specified.

If standard multiple top tables are going to be used in different configurations other than illustrated in the price list, an upcharge may be necessary for non-standard veneer direction. Contact factory and submit drawing for review.

## Check List for Ordering Furniture

Many orders are received with incomplete or conflicting information, causing needless correspondence and unnecessary delay. Before submitting your order, please be sure it includes the following information.

- Quantity
- Item Number — refer to each product collection for complete item number sequence
- Finish Color — wood and metal
- Fabric pattern, color and application instructions — specify pattern direction and correct side
- Options — list with each specific product
- Any specials or revision to standard construction
- Drawing for all modular seating, table, or case good components
- Your purchase order number
- Shipping destination
- Shipping instructions; if any

Orders should be sent via **e-mail**, whenever possible, to expedite the entry process. Send to **orders@davis-furniture.com**. If this is not possible then fax orders to (336) 889-0031.

**Unit Combinations**

Several pre-selected unit combinations have been included for your convenience to help simplify selection and ordering (see page T-13). Notice that the combined units must be ordered by individual product numbers, starting left to right. Due to the modularity of this system, it is not possible to include all variations that might be applicable. Please refer to individual unit prices for variations and/or options offered. Specify wood and metal finish on all items.

**Shipping & Assembly**

All individual units are fully assembled at the factory, disconnected, and shipped in separate cartons to be re-assembled at final destination (assembly instructions to be enclosed).

**Ordering Checklist**

1. **Sketch of unit configuration (overhead plan view).**
2. List all item numbers with appropriate grain direction for each.
3. Indicate wood species or laminate after product number.
4. Indicate leg finish after wood species or laminate.
5. On separate line list finish number selection.
6. Specify modesty panel, if required, including metal finish.

**LEGS**

Leg design is both the connecting alignment and visual aesthetic of the table. Legs are one-piece sand-casted units that attach easily to table tops — see illustration. They are available in Satin Chrome (**-SC**), and Powdercoat Finishes in Black (**-BL**), Silver (**-SI**), Matte Black (**-MB**), Matte Silver (**-MS**). Legs are standard with black leveling glides.

**LAMINATES****(-LAM)**

Tops are available in laminates from Nevamar or Wilsonart with a solid wood edge in natural Beech, Maple, Oak, Walnut or a resilient black T-mold edge. Specify edge selection with each laminate table ordered: **CA-TMLD-BL** (Black T-mold Edge), **CA-EDGE-BB** (Natural Beech Edge), **CA-EDGE-MM** (Natural Maple Edge), **CA-EDGE-OA** (Natural Oak Edge), or **CA-EDGE-WW** (Natural Walnut Edge)

**VENEERS****Beech (-BB)**

A Northern hardwood with close, uniform texture, medium color, and no prominent figure. Flat-cut veneer on particleboard with solid edged banding on tops. All configurational tables are manufactured with matching veneer faces.

**Maple****(-MM)**

A European species with clean, brilliant color and figured grain. Quartered-cut veneer on particleboard with solid edged banding on tops.

**Oak****(-OA)**

White oak with distinctive graining patterns. Quartered-cut veneer on particleboard with solid edged banding on tops.

**Walnut****(-WW)**

American walnut heartwood is chocolate to violaceous brown in color. Flat-cut veneer on particleboard with solid edge banding on tops.

**FINISHES****Beech Finishes****(-BB)**

Stain finishes available on beech veneer are as follows: **101 Natural Beech, 102 Light Beech, 103 Medium Beech, 104 Dark Beech, 105 Black Beech.**

**Maple Finishes****(-MM)**

Stain finishes available on cherry veneer are as follows: **201 Natural Maple, 202 Light Maple.**

**Oak Finish****(-OA)**

Stain finish available on sycamore veneer is as follows: **301 Natural Oak, 302 Medium Oak, 303 Grey Oak, 304 Brown Oak.**

**Walnut****(-WW)**

Stain finish available on sycamore veneer is as follows: **401 Natural Walnut, 402 Medium Walnut**

**ELECTRIFICATION, COMMUNICATION & WIRE MANAGEMENT****Standard**

The standard offering of wire management and electrification options is available on most Carré Tables. Example below is the E-DPC that offers communications and power mounted in the top surface.

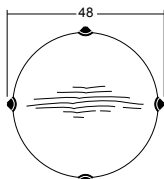

# Carré Table Series

## SPECIFICATION

# Prat Table

Designed by Davis In-House Design Team

### Features

<b>Construction</b>	Frame is constructed of 1/2" and 3/4" Baltic Birch plywood Leg and top frames are fitted together using the mortise and tenon woodworking technique along with wood glue Edge thickness is 2 1/2"
<b>Glides</b>	Rubber adjustable glides are attached to steel brackets that are mechanically fastened to the table frame
<b>Surface Materials</b>	Laminates or wood materials are applied to all sides of the legs and top

### Options

<b>Laminates</b>	All Standard Laminates		
<b>Wood Finishes</b>	<b>Beech</b>	<b>-BB</b>	<b>101 Natural Beech</b> <b>102 Light Beech</b> <b>103 Medium Beech</b> <b>104 Dark Beech</b> <b>105 Black Beech</b>
	<b>Maple</b>	<b>-MM</b>	<b>201 Natural Maple</b> <b>202 Light Maple</b>
	<b>Oak</b>	<b>-OA</b>	<b>301 Natural Oak</b> <b>302 Medium Oak</b> <b>303 Grey Oak</b> <b>304 Brown Oak</b>
	<b>Walnut</b>	<b>-WW</b>	<b>401 Natural Walnut</b> <b>402 Medium Walnut</b>
	<b>Zebrano</b>	<b>-ZZ</b>	<b>501 Natural Zebrano</b> <b>502 Dark Zebrano</b>

<b>Power/Data Units</b>	<p>Tables may be specified with a unit that has two power plugs <b>PR-90PP</b>, or two power plugs and two RJ-45 data ports <b>PR-90PD</b>. Two outfeed cords are offered for these units:</p> <p><b>PR-90PC</b> - 15A power plug 11.5' (3.5 meter) <b>\$37</b>  <b>PR-90HW</b> - Hardwire 11.5' (3.5 meter) <b>\$24</b></p> <p>Only table <b>PR-7119</b> will have two units. They will be placed 1/3 distance apart. These tables can not be retrofitted in the field. Electrical must be specified at the time of order. A button is pushed to flip unit around when electrical and data use is required.</p>
-------------------------	--

<b>Special Sizes</b>	<p>Special sizes may be specified for the PRAT Table General parameters to follow are:</p> <p>Height - not over 42" high, can go lower Length - no longer than 119" Depth - no deeper than 29" at this time</p> <p>Please always contact the Factory with your request for Specials and discuss your needs. Quantities do make a difference in any special order.</p>
----------------------	---

<b>Special Veneer or Laminates</b>	<p>Please contact Factory with this request Not all materials are available in sizes needed for construction of tables</p>
------------------------------------	--

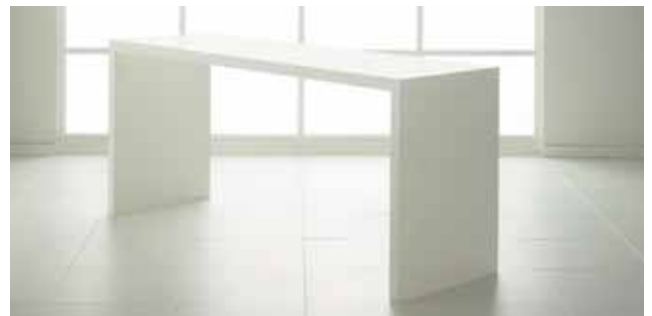

<b>Kick Plate</b>	<p>Metal powdercoated boot used on the bottom of the table legs to protect from everyday traffic that may lead to damage.</p>

PR-90HW - 3.5 meter for hardwire

37

24

When two units are ordered for the 119" table only one cord is necessary y

Dimensions	Outside
inches 10	1/2 x 4 1/4
centimeters	26.8 x 10.8
Shipping Weight approx.	2.28 lbs.

# Tune Table Collection

Designed by Wolfgang C.R. Mezger

The TUNE Table Collection has three distinctive series of tables: **Conference**, **Meeting**, and **Modular**. Each series offers its own unique function and design approach to supporting the needs of the boardroom and meeting environments. The foundation of the design is the angled “U” leg that offers support for the tops through the wire management framework connected under the tops. The beauty not only is derived from the legs, but the veneers used and the grain direction of the veneers create dramatic patterns in the corners and runs across the table depth. Table joints disappear with this cross grain technique as the tables run together in a modular configuration. Additional accents such as the leather pads that run the full length of the table and power/data sliding units are available.

## Features

<b>Table Series</b>	<p><b>Meeting Tables</b> — three shapes are available: round, square, and boat shape Legs and required frame structure, including wire management, are included in price of table</p> <p><b>Conference Tables</b> — two tops are available: a center and an end These may be combined together in straight lengths Legs and required frame structure, including wire management, are included in price of table</p>
<b>Table Tops</b>	<p>Tops are made of high density particle board that is certified to meet emission standards as required by CARB Regulation 93120, Phase 1 They are 1 1/4" thick with a bevelled edge at 28° Standard veneers - Walnut, Oak, and Zebrano <b>TU-4134</b> Small round table consists of 4-Quartered veneer pattern The grain direction is across the table depth not length On corners or square tables the grain is mitered Special veneers and top sizes are available on request, contact Factor y</p>
<b>Leg Frames</b>	<p>Table tops are supported by elegantly curved frames which taper downward at an angle of 10° They consist of a 3 1/2" wide steel band in chrome or Powdercoate finishes Two adjustable glides per leg allow for leveling on uneven floors Legs are connected to a traverse system that allows for stability and wire management</p>
<b>Traverse System</b>	<p>A natural anodized aluminum traverse system, 3 3/16" wide, connect the leg frames System supplies stability to the tops and allow the attachment of a retractable anodized aluminum, hinged channel for power strips All power strips are fixed in the hinged channel and the connecting cables run in the hinged wired management tray</p>

## Options

<b>Data/Power/VGA/Sound</b>	<p>Two standard strips are available with a variety of options - see page T-34 These units are used in conjunction with the Table Pad System or the Sliding Element Please specify Sliding Element for each power strip and End Power Cord for final plug Power Strips are connected together, see information on page T-35 Power plug feed runs down leg to outlet and may be covered with V ertical Cabling Cover</p>		
<b>Modesty Panels</b>	<p>Modular Tables are offered with steel Modesty Panels Fixed beneath table top and angled with legs — 12 3/4" high, hangs at angle 12 1/2° below top Offered in Powdercoate finishes only — no chrome on modesty panels</p>		
<b>Metal Finishes</b>	<p>Chrome (-CH) Powdercoate Finishes</p>	<p>Black (-BL) Matte Black (-MB)</p>	<p>Silver (-SI) Matte Silver (-MS)</p>
<b>Veneer Finishes</b>	<p>Oak    <b>-OA</b>    <b>301 Natural Oak</b>                       <b>302 Medium Oak</b>                       <b>303 Grey Oak</b>                       <b>304 Brown Oak</b></p> <p>Walnut    <b>-WW</b>    <b>401 Natural Walnut</b>                       <b>402 Medium Walnut</b></p>	<p>Zebrano    <b>-ZZ</b>    <b>501 Natural Zebrano</b>                       <b>502 Dark Zebrano</b></p>	
<b>Table Pad System</b>	<p>A system of leather pads offer a service mat for bottles or glasses — 7 1/2" depth It may also be used with a Sliding Element - 10 1/4" width x 7 1/2" depth - that opens to reveal power/data units that are ordered separately</p>

two - TU-4137-02

### How to Specify Power/Data for TUNE

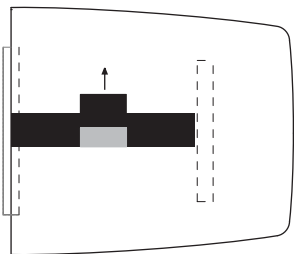

<b>Locate Power Source</b>	The final power source location is where the cord must feed down the leg(s) to plug into, whether it is plugged or hard-wired according to code.
<b>Determine # of Plugs</b>	Determine the number of power plugs necessary for the number of seated participants at table and equipment to be used.
<b>Determine Type of Data</b>	Determine type of data need for equipment. RJ45 CAT. 5 or VGA (monitor/beamer) and minijack 3,5mm (audio) units are available as standard offerings. Cables come with units see specifications. Special units may be ordered contact actor y.
<b>Power Network</b>	<p><b>Each run of daisy-chained units will be a single 15-amp circuit.</b></p> <p>You must calculate the amperage requirements of all your electrical components so you can provide sufficient electricity to power them.</p> <p>The National Electrical Code (NEC) allows a maximum of 13 receptacles on each 20-amp circuit. Canadian Electrical Code allows a maximum of 10 receptacles on each 15-amp circuit. You will need to have your IT Department determine the office equipment amperage. Divide the wattage of a device by 120 to get the amps.</p> <p>If the circuits are normally subject to a continuous load ( three or more hours of continuous use, such as lights or computers), the NEC requires the circuit capacity be "de-rated" by 20 percent. Treat the circuits used for continuous loads as if they were rated at 16 amps instead of the regular 20 amps (12 amps in Canada instead of 15 amps).</p> <p>Large equipment such as copiers or space heaters should be plugged into separate receptacles because they require the most of the current available on a 15- or 20-amp circuit.</p>
<b>Selected # of Power Plugs</b>	After determining the number of power/data units connected, you need to specify the number of End Power Plugs needed for either plug in or hard-wire provisions.

# VEER Table Series

## Features

**Top** Birch plywood with veneer or laminate top surface  
Multi-plex core with beveled edge has clear coat varnish with laminate tops  
Painted or stained edges to match laminates are available. Contact factor y - upcharge is applicable and longer lead time.  
Custom sizes may be specified - contact factor y for more information

**Base** Stainless Steel column with textured stainless steel over steel plate.  
Steel column may be powdercoated.

## Options

# Zoom Meeting Table Series

Licensed from Mobimex / Switzerland

**ZM-MOD-4-SS-BL (711-11) (three shown) /  
ZM-MOD-1-OA-BL (711-11) (three shown)  
shown with Art Chairs (Discontinued)**

Zoom Meeting recognizes the challenging multi-functional needs of today's boardrooms. Zoom's modular design allows for the optimum configuration for each occasion. Conference tables and linking tables in elm, oak, sycamore, and walnut comprise the solid wood Zoom Meeting boardroom system. Zoom reflects the solid image expected of a boardroom conference table, while its flexible design expands for multiple functions.

<b>Tops</b>	All tops are SOLID WOOD — Elm (- <b>EE</b> ) Oak (- <b>OA</b> ) Sycamore (- <b>SS</b> ) Walnut (- <b>WW</b> )
<b>Special Sizes and Woods</b>	Other tops are available as a special order. Tops may also be ordered at special lengths. Contact factory for details.
<b>Solid Wood Characteristics</b>	Small knots, flairs and wind checks are part of the natural characteristics of solid wood. In that each table top is made from one tree trunk, each top may vary in color and pattern because of mother nature's originality.

**Surface Finishes**

Zoom is available in several surface treatments according to item. These surfaces are applied to protect the wood against dirt. A decision on the advantages and disadvantages of a particular surface treatment has to be taken individually and will also depend on the customer's personal views and preferences. There are practical considerations such as the amount of effort that has to be devoted to subsequent care, but also more subjective factors such as a pleasant "feel", the visual effect of the wood surface and the patina. It is important to consider all of these aspects of surface treatment before a final decision is made.

Tops are standard with a clear lacquer finish — a natural linseed oil finish may be specified at no upcharge.

**Lacquer**

Standard is a clear coat of lacquer that is applied to the raw wood to enhance the natural characteristic of the wood and add a protective coating.  
No stains are available on any wood species — coloration is arrived by using different types of wood

**Linseed Oil**

Optional Finish - Zoom-Oiled Finish - A natural linseed oil is applied in several coats on raw wood — SPECIFY AT TIME OF ORDER  
This finish will have to be reapplied as it dries out on the product - so extended care is necessary

**Finish**

**ZM-Black** - optional Black finish on Ash for **ZM-MOD-1**

**Bases**

**Cost of bases are included in the price.**

**Stationary Base**

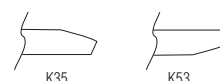

Offered on ZOOM MOD-5, ZOOM MOD-4 and ZOOM MOD-1 only. Column available in Chrome (-**CH**), Black (-**BL**), Matte Black (-**MB**), Matte Silver (-**MS**), or Silver (-**SI**). All base plates available in Black (Matte Black when ordered on column) only.

**Modesty Panels**

16 gauge metal modesty panels are available on the straight or curved side of Mod-4 and Mod-5. Panels are mounted on the underside of the table top, and are available in Black (-**BL**), Matte Black (-**MB**), Matte Silver (-**MS**), or Silver (-**SI**). Use Silver when ordering Chrome.

**Edges on top shapes**

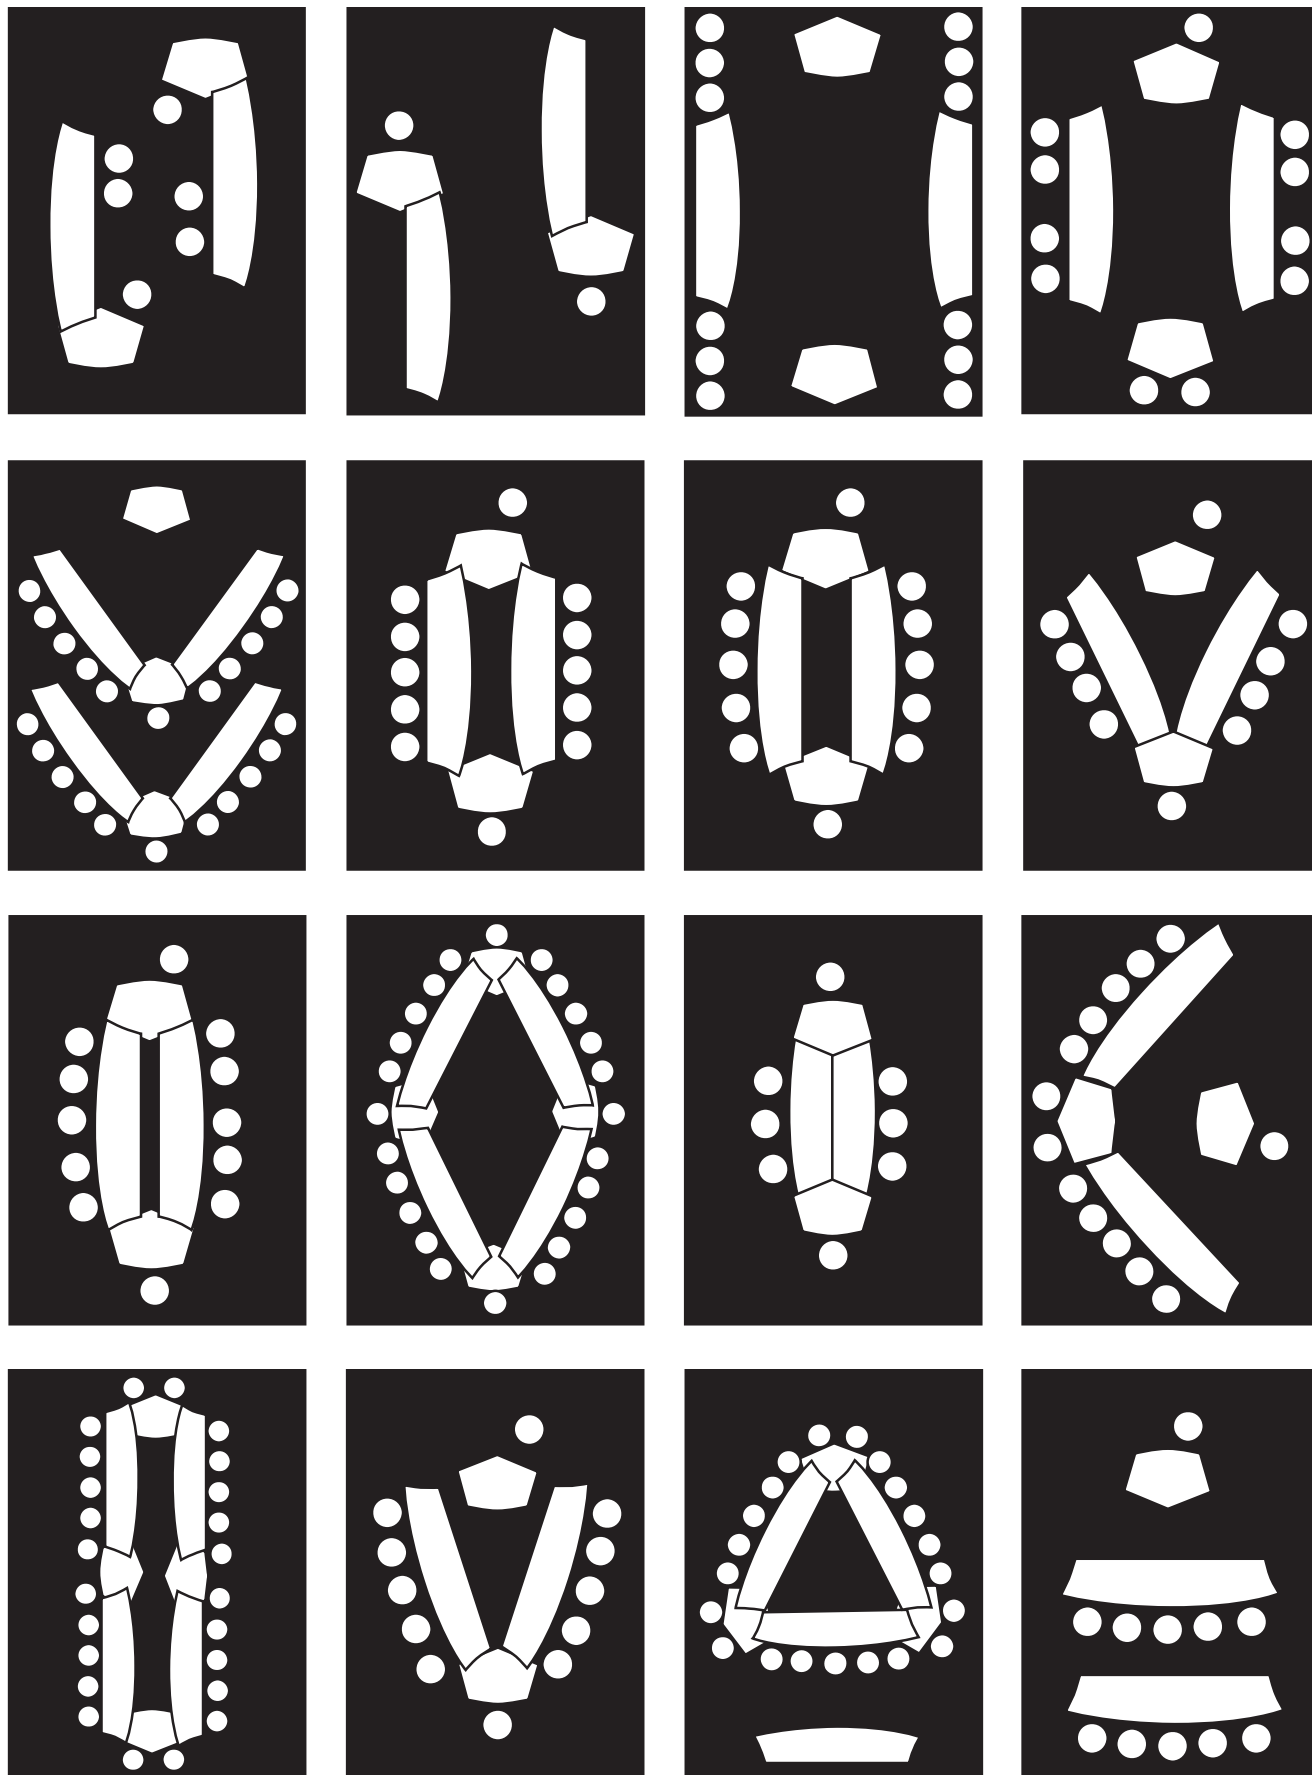

K35 edges are down bevel. K53 edges are up bevel.

Four Seater Straight Bench

Leg Detail

Sweep Through Detail

Features	
Interior	Frames are constructed of interlocking CNC machined plywood which is bonded together with metal fasteners and wood glue. Seats are layered with high density, high resilient, polyurethane foam and wrapped with fiber.
Legs	Legs, machined to size and polished, are constructed of solid 6061 Aluminum Each leg comes standard with adjustable felt glides
Ganging	<b>Site 3001</b> Corner Bench may not be used as a freestanding unit — glides included in pricing Ganging device standard with each unit - no upcharge
Upholstery	Fabric must be railroaded. Contact factory for fabric approval.

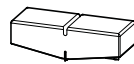

Options	
Metal Finishes	Polished Aluminum (-PA) Powdercoat Finishes — Matte Black (-MB)      Matte Silver (-MS)

Rectangle Table Leg Detail

Power Detail / Closed

Power Detail / Open

## FEATURES

Table Series	<b>Round</b> — available in three options
	<b>Collaborative</b> - No Power
	<b>Center Control</b> - One power module in the center of the table
	<b>Networking</b> - Three power modules spaced evenly around the table plus one power module in the center.
	<b>Rectangle</b> — available in two options
	<b>Collaborative</b> - No power available
	<b>Networking</b> - Two power modules spaced evenly along the length of the table

Table Tops	Tops are made of CARB Regulation 93120 Phase 1 certified particleboard laminated with top graded wood veneer, and edge banding.
------------	---

Leg Frames	<b>Round Table Legs</b> — constructed of solid hard wood reinforced with welded steel supports
	<b>Rectangle Table Legs</b> — are constructed of interlocking CNC machined MDF which is bonded together with metal fasteners and wood glue. Top grade veneer is used for leg surfaces.

## OPTIONS

Data/Power	Networking modules consist of 2 duplex power outlets per module Center Control modules consist of 4 duplex power outlets and one RJ45 data port

## FEATURES

**Base Frames** Base legs and exposed rails are constructed of high grade, solid wood, connected together with dowels and wood glue. The frame is supported by a structural welded steel sub-frame that is connected to the outer exposed frame. Multiple bases can be ganged using steel bolts and dowels, resulting in base units of 64" - free standing, 96" - free standing, and 128" - with one center leg, and 192" - with one center leg. Each base comes standard with adjustable polymer glides. Powdercoated steel vertical cable channels, which are attached to inside of the exposed frame, are standard with all bases.

**Cases** Standard cases are constructed of particleboard with laminated veneer and edge banding. Painted cases are constructed of paintable MDF. Sliding doors are available in veneer or low iron acid etched glass. Pull handles are pocketed into veneer doors and drawers with veneered steel back panels. Cases are mechanically attached to the base frames with steel brackets and fasteners. Two different lengths — 32" Cases and 64" Cases allowing for multiple configurations. Cases may not be stacked.

**Back Panel** Panels are either fixed or removable — Removable panels are standard on all Media Cases. Standard with veneer back to match case

**Anti-tilt Mechanism** Mechanism supplied to prevent cases from tipping by preventing multiple drawers from opening at one time. If one drawer is opened it must be completely shut before another can be opened.

## OPTIONS

**Data/Power** 4 duplex power outlets and one RJ45 data port

**Tack Panel** Available on any case as an option. Tackable surface is constructed of 3/8" Homosote™ board and may be retrofitted in the field

**Locks** Face locks are available
